Ayer's  
Cherry Pectoral,  
For Diseases of the Throat and Lungs,  
Such as Coughs, Colds, Whooping-Cough, and Consumption.  
Among the great discoveries of modern science, few are of more real value to mankind than this effectual remedy for all diseases of the Throat and Lungs. A visit trial of its virtues, and you will find it does surely and effectually control them. The testimony of our best citizens, of all classes, establishes the fact, that Ayer's Cherry Pectoral will and does relieve and cure the afflicting disorders of the Throat and Lungs beyond any other medicine. The most dangerous affections of the Pulmonary Organs yield to its power; and cases of Consumption, cured by this preparation, are publicly known, so remarkable as hardly to be believed, were they not proven beyond dispute. As a remedy, it is safe, and on which the public may rely for full protection. By curing Coughs, the forerunners of more serious diseases, it saves unnumbered lives, and an amount of suffering not to be computed. It challenges trial, and conquers the most sceptical. Every family should keep it on hand as a protection against the early and unperceived attack of Pulmonary Affections, which are easily met at first, but which become incurable, and too often fatal, if neglected. Tender lungs need this defence, and it is unwise to be without it. As a safeguard to children, and the distressing diseases which beset the Throat and Chest of childhood, Ayer's Cherry Pectoral is invaluable; for, by its timely use, multitudes are rescued from premature graves, and saved to the love and affection centered on them. It acts speedily and simply, and cures without any of the violent and debilitating effects of other remedies. No one will suffer from a Cough, Croup, and painful Bronchitis, when they know how easily they can be cured.  
Originally the product of long, laborious, and successful chemical investigation, no cost or toil is spared in making every bottle in the utmost possible perfection. It may be confidently relied upon as possessing all the virtues it has ever exhibited, and capable of producing cures as unnumbered as the greatest it has ever effected.
