Winter is now fairly upon us, and the teams are bestening to the lumber woods in various parts of the country. Our advice to every man who goes to the woods, be he captain, cook, teamster, or any other man, is to take along a good stock of "Johnson's Anodyne Liniment" and "Parsons' Purgative Pills." Many months of labor (in the aggregate) may be saved by this precaution.

The way "to minister to a mind diseased," is to take Peruvian Syrup, a protected solution of the protoxide of iron, which gives strength and vigor to the whole system, restores the digestive organs to perfect health, thereby restoring the mind to its natural vigor.

Fellows' Syrup of Hypophosphites saved the life of my wife, after her case became apparently hopeless from Tubercular Consumption.

Cure of Bronchitis.

J. C. CHAMBERLAIN, Esq.—This is to certify that about three years ago I became afflicted with Bron-chitis, which lasted about eighteen months. I was so afflicted for the want of breath that it was very difficult for me to speak, and in the night time frequently throwing the clothes off and raising in the bed to keep from strangling. I tried three of the most eminent physicians in the County of Northumberland for about a year without receiving any benefit. In fact I continued getting worse all the time. At last I was advised to try the Great Shoshonees Remedy. I bought a bottle and took it, and when it was about finished I began to feel a little better. I continued to use it until I had taken three bottles, when, to my satisfaction, I found that I was a well as ever I had been previous to my illnes, and have been so ever since. JOHN SILVER.

Quacks Confounded! Considered by the ordinary practising physicians as incurable diseases, and the querry has often been propounded, of what benefit to the helpless sufferer is all their pretended science; and what doth it avail—their long and tedious course of study—if they are obliged to acknowledge that all their resources are to no account when called Rheumatism and Gout have heretofore been all their resources are to no account when called upon to prescribe for a patient suffering from chronic rheumatism. The great trouble lies in the fact that the mode of investigation is prescribed within certain boundaries and limitations compelling the student to tread in certain well worn paths, or suffer disgrace and excommunication from that highly respectable order of mor-tals known as the Medical Faculty. How often genius has been curbed in its flights of investigation can easily be imagined. And often really grand and beneficial discoveries have been placed under the ban of censure by those self-constituted censors, for no reasons whatever, but that they are innovations upon a stereotyped and time honored prescription. It was not so, however,

with the proprietor of the DIAMOND RHEUMATIC CURE, for his high standing in the profession, and the learning and science of an able mind, quickly compelled the CENSOR to succumb, and now compelled the CENSOR to succumb, and now physicians generally all over the world, where this medicine is introduced, admit of its wonderful efficacy, and often prescribe it for their patients. Of course, the use of the Diamond Rheumatic Cure, without the aid of a physician, is a saving in fees to the sufferer, but the really conscientious physician should rejoice at this, for the reason of the general benefits arising to manhind from its use kind from its use.

READ WHAT THE PEOPLE SAY. Office of Sanitary Police, Montreal, June 18, 1874.

Messrs. Devins & Bolton:

Gentlemen,—Having been one of the many martyrs of rheumatism that I meet on my daily rounds, I was induced to try the celebrated Diamond Recumatic Cure. I had suffered the last five or six weeks the most terribly acute pains across my loins and back—se severe, indeed, that I could hardly walk without the help of a stick. I commenced using the Diamond Remedy, following the directions carefully. Relief came immediately with the first bottle—improved with the second, and completely cured and free from pain after using my fifth small bottle. You are at perfect liberty to refer to me either privately or publicly, as I teel very thankful for the relief and sympathy with my fellow sufferers from rheumatism. ers from rheumatism. St. John, N. B., } Sept. 29th, 1874. DEAR SIR.—This is to certify that the Diamond Rheumatic Cure has perfectly cured me of that dreadful pain called rheumatism. I have suffered with the said complaint for upwards of twelve years, and tried several doctors, but never found anything to cure it until I took seme of the Diamond Rheumatic Cure. After taking three bottles of the said medicine I found myself so well as any man could wish for to be, for which I strongly recommend it to all who suffer from that dreadful pain.
