

his House have been directly employed by the Government of this province during the last year in superintending public works, and have been rewarded therefore by payments out of the public treasury.

*And Whereas* it also appears that certain members of this House have been directly employed by the Government during the past year to furnish gunnery food and

...to furnish supplies for road making and lumber for immigrant houses, and have received large sums of money from the government.

to pay the money thereout out of the public treasury.

And whereas certain members of the Executive Council, as well as certain members of the Legislature, have been endeavoring to convert the public treasury, which had been ordered and appropriated for public works and services, and having only in the first instance their own interests in view,

Resolved, As the opinion of this House that the employment of members of this House by the Executive Government for the purpose of procuring money for the purchasing and distributing public money and supplying materials, goods and provisions for the use of the Government guarantees has been a gross abuse of the public money, and that such practices, subversive of the independence of the people's representatives, and dangerous to the peace and safety of this province.

On the 10th, Mr. Stevens, Mr. Lindley, from the committee on the Madrazo and company bill, reported recommending the passage of the bill.

Mr. Hargrave, from the committee on agriculture, submitted a report which will be sent to the press by mail.

On the 11th, the committee had drafted a bill to abolish the Board of Agriculture, which they would refer to the Government.

Wednesday endorsed, and the Attorney General suggested his view, that the House should go into committee on the report at the same time, and after that a bill might be introduced to amend the law relating to the House better than the bill now prepared.

Messrs. Hanington and Beckwith explained that it was the intention of the committee to amend the law relating to the House, and meantime, a new system could be organized embracing a management of the department by the Surveyor General, so that the

people. The results now attained are not commensurate with the outlay.

Mr. Butler, from the railway committee, reported in favor of bills to enable the Fredrickston Railway Company to alter the road in the city limits, and to amend the Fredrickston Railway Company Act, and a bill to incorporate the Newcastle Railway Company.

Mr. Robinson committed a bill to amend an act relating to the corporation of the City of Rye in the chair. The bill reads from the mouth of bonds the company may issue from one and a half to two and a half millions, and authorized the directors to execute the same as trustees for the benefit of bond holders.

*By Special to "Sentinel."*

FREDRICKSTON, March 19, 1890.—O'Leary this morning presented petition from Rev. P. J. O'Leary and others, in favor amendment school Act.

Lindsay, from Deaconique Boom Company all committee, reported recommending same. The committee also recommended ten bill by Libbard in the chair. This measure was taken up at yesterday afternoon, and at 3.15 p.m. progress was reported, leave asked to resume consideration. It will be referred to committee for amendment.

Gough then moved no confidence resolution; declared that his object was more to draw attention to the fact that there was anything deserving of the desirable provisions of the present administration of public affairs, and then withdrew cases in which he considered there was something deserving of the commendation so far back as some of Pease's acts.

If he next charged representatives of Frederickston with taking By-road money and expending it in other ways than those intended, and said that he had been contributing some said funds over yet. Read two letters from one P. O. Byram, at Grand Rapids, to establish charge of malfeasance, and said that he had been charged with having been paid for

ridges, when no such sums had actually been expended.

He then charged against Gough the payment Mr. Phillips for 100 log houses for emigrants; as this point was being made an altercation occurred between Gough and Phillips, the latter alleging that he had spent public money, and that anything which reached his hands was simply handed to parties for whom intended.

plying to Gough and moving following resolution in amendment after striking out

tion, in amendment after burning out but word "Resolved," that in maintenance of policy of House of Assembly it is necessary that the Executive continue to recognize the acts securing the independence Parliament.

furniture of all descriptions, at all prices,  
and of the very best workmanship, can be

A petition has been forwarded to our local Legislature asking aid toward bridging the St. John, so that a Road bridge may be on the same piers as the new Brunswick Railway Bridge. We would suggest that the \$30,000 promised Messrs. Lindsay and Munro, and afterwards confirmed by the Legislature to the St. John, (although it is some time that it will be some time that it has lapsed) be, with an addition thereto, re-appropriated for the purpose giving us the long wished for bridge. Probably the County would add sufficient money granted over \$30,000 to induce the Railway Company or whoever builds the connection between the terminus

Woodstock and Northampton to construct a Road with a Railway Bridge

Dr. Wilson's Pulmonary Cherry Balsam has  
and the test of time, and has overcome the  
of almost of opposition. During the winter  
months of the year, when the lungs are  
without the means of arresting their in-  
flam. Such means are safely and surely pre-  
sented in this excellent Balsam, which removes  
the mucus of the Lungs in the mildest and most  
efficient manner. It is therefore highly recom-  
mended to those persons whose Lungs con-  
stantly weak, and whose nervous system  
shattered by a hitherto confined cough  
or by any excitement, and on such it will  
be a great boon.

Dr. Wilson's Anti-Billous and Preserving Pills  
fail to produce a healthy action, and  
return to every age or sex. They remove all  
the morbid humors from the system, and do  
bring on subsequent constipation or consti-

They stimulate all surrounding organs to healthy state, and are of great utility where a

aries is required. With such alarming results, we should not wonder that the medical profession has an ardent desire that those who suffer from this disease should be made acquainted with a remedy, the unexampled, powerful, and beneficial effects of which have so greatly reduced the number of human wretches who are afflicted by the more than their surprising effects become known, the more will Dr. Wilson's Pills rise in the estimation of the suffering.

**Dr. J. C. Harness-Falls, Rose Shouler, A. C. Do., Dow's Sturgeon Oil Liniment, is the best remedy known.** Wash well with castile soap and rub, and apply the Liniment, and it will cool the inflamed parts, and soothe the skin, and reduce the swelling. No Liniment, for relief of cure can be compared to this.

If your horse has been out in a cold rain and chilled, or drunk too much cold water, or has been in the water, and his condition is such that he is unable to do his work, a man who values his horse should be without it. By those who ought to know something of horses, they are everywhere preferred to all other remedies.

Johnson's Anodyne Linctum" is without  
doubt the safest, surest, and best remedy that  
ever been invented for internal and external  
use. It is applicable to a great variety of com-  
plaints, and is equally useful for man or beast.  
It has now been so stated in various  
publications, that throughout the country, that  
Sheridan's Cavalry Corps has been  
authorized to refund the money expended  
therein should use be made of the same for  
the result. We doubt this  
proprietors authorize us to say that

STARTLING TRUTH !—Thousands die annu-

from neglected coughs and colds, which soon  
into consumption, or other equally fatal  
of the lungs; when by the timely use of  
the bottle of Dr. Wistar's Balsam of Wild  
their lives have been preserved to a green  
e.
