APPLE TREES

FOR NEW BRUNSWICK and Maine.

THE proprietors of the Woodstock Nurseries
call attention to some facts, which go far to
show the superiority and certainty of these trees
over all others, and the folly of buying American
Trees, or trees raised by parties without experience
or knowledge of the needs of our extreme climate.
Orchards made from these trees are noted for
early, certain, and heavy crops, and the quality of
fruit which brings the highest prices in all markets
where sent. The superiority of the orchards to be
found at Woodstock, over all others of their size
and age, planted from these nurseries, and that no
successful orchardist can afford to be without them,
is a fact which is borne out by the thousands of
trees which are sufficient testimony in favor of these trees.
Five hundred thousand trees are now growing in
these nurseries. CALDWELL BROTHERS, and their
Agents, are travelling and taking orders for these
trees.
