tion that they have not, but the Govern ment is responsible for that. We sim ply said and intended that the Company have succeeded to a very large amoun of land, and that the indications are tha a most important feature of their under taking the bridge is being slighted. O course the trade of Woodstock and th Western side of the river may or ma not be of importance to the Railway Co but to a portion of the public, who is this matter are one of the great contract ing parties, that trade is of the first in portance.

THE F. C. Baptist course of lectures was opened on Friday evening last Rev. G. W. McDonald presiding. The lecturer was Prof. Geo. E. Foster, of the N. B. University; subject, "A Life Time," instead of "The Model Citizen," as previously announced. The lecturer gave very satisafctory reasons for this departure from his original intention, and we are quite sure that, not knowing what they lost by this change, Provinces:the audience were well satisfied with what

they gained. The attendance was not as large as it Nova Scotia, should have been; but then how can peo- Ontario, ple be expected to pay the enormous sum of twenty cents for the primary privilege Prince Edward Island, British Columbia, of listening for an hour to a well conceived, well worded, well delivered lecture, full of practical advice and sterling suggestions, especially when given by THE several public schools in Town one of New Brunswick's sons who has have adjourned for the Christmas holi-"risen from the ranks" to the position days, and their progress during the term of a Professor in our University, and the closed is, we believe, of a satisfactory secondry privilege of assisting in a good nature.
