

EDITORIAL ITEMS.

VICTORIA COURT ITEMS.—James Caughy, of Perth, was convicted before Justices E. Lacey and B. Armstrong, for selling liquor without license, and fined \$300 and costs.

John C. Manner, Esq., broke one of the bones of his arm, last week, while engaged in pressing hay.

The last thaw caused many parties to come out of the woods. Notwithstanding the unfavorable season, there is quite as much lumber got out as usual.

Rev. Geo. B. Payson has been, during this week, holding special services in the Methodist Church, Andover.

J. M. Rice, Gould Building, Houlton, is where you can lay out your money to the best advantage, in the purchase of Furniture.

Mr. Gladstone's election expenses for contesting Greenwald amounted to \$500, while those of Mr. Board foot up to the goodly total of \$5,000—a respectable price to pay for the honor of being "senior member."

A native paper of India states that a woman in Alooia Malwan has sacrificed herself on the funeral pile of her deceased mother. She effected her purpose after the persons had left the place of cremation for their homes.

JUDICIAL MANAGEMENT.—Though it is impossible in this climate of changing temperature, and cold, to prevent coughs and colds altogether, yet their form may be much mitigated by remedial measures. When hoarseness, cough, and any lung complaint set in, resort at once to Dr. Wilson's Pulmonary Cherry Balsam. No cough can resist this remedy.

STRESSLESSNESS, HEADACHE, FLATULENCE, &c.—These symptoms, so frequently the forerunners of serious diseases, if neglected, too often terminate in apoplexy. When dizziness and dimness of sight come on, Dr. Wilson's Anti-Bilious and Preserving Pills should be taken to thoroughly cleanse the bowels. No medicine equals these Pills for removing Biliousness, suppressing flatulency, and acting as a tonic, and as mild, yet effective aperients, they are suitable for either sex or any age.

One of the most remarkable qualities of Dr. Dow's Sturgeon Oil Liniment is the rapidity and certainty with which it relaxes contracted ligaments and sinews. Joints that have been stiff for years, have repeatedly been restored to activity by persevering use of this powerful rubefacient. A good hand-rubbing is necessary, so that its anesthetic influence may thoroughly penetrate the contracted fibre.

When your horse's hair becomes dry and is sticking up, and his head hanging down, and he refuses to eat, you may know he is troubled with worms or some serious ailment. Procure directly Caughy's Derby Condition Powders and feed it in his grain and by the time you have put one package your horse will be in good condition. Everybody says they are the best powders ever known for horses, sheep, and cows.

BRONCHITIS.

PREPARED, DUBUQUE COUNTY, N. S., January, 1888.

Mr. James L. Fellows.

Sir:—In the winter of 1886, I was afflicted with a severe attack of Bronchitis, and although my doctors were very attentive, and used all means in their power, they failed to afford me much relief. I obtained your Compound Syrup of Hypophosphites, and took it until it made a permanent cure.

I am now in perfect health and free from Bronchitis.

Respectfully yours,

MEADALL CROKER.

More than forty years have elapsed since "Johnson's Anticough Liniment" was first invented, during which time hundreds of thousands have been benefited by its use. No other article ever became so universally popular with all classes as Johnson's Anticough Liniment.

Pills which contain antimony, quinine, and calomel, should be avoided, as severe griping pains are their only result. The safest, surest, and best pills are "Parsons' Purgative" or Anti-Bilious Pills.

PERUVIAN SALT.—This valuable medicine has been recently making its way into public favor by the numerous remarkable cures it has performed. Its singular efficacy is owing to the protoxide of iron which in this preparation remains unchanged, and is the only form in which this vital element of healthy blood can be supplied.

DOMINION HALL.

MONTREAL, June 12, 1873.

Messrs. T. Graham & Son, I had for twenty years been subject to frequent and severe attacks of Rheumatism which had so prostrated me that it was only with the assistance of a crutch and a cane that I could leave my chair or move about my room.

Of the many remedies I had used and means I had tried, nothing done me any permanent good until nearly two years ago, when a friend brought me a bottle of your Pain Expeller, and at her request I gave it a trial, although without any confidence in it or hopes of a cure.

The result of its use has been most satisfactory, and has enabled me to resume my usual avocations. I have been free from pain, and although it has freed me of many of my joints have been greatly enlarged, I can easily walk five or six miles without using a cane, a result that has astonished my acquaintances, and a knowledge of which has induced many others to try it, and all that have used it speak highly of it.

I can confidently recommend it, and willingly testify any one of the cases of this case by calling upon me, No. 22 1-2 Craig street, Montreal.
