Notice to Contractors.

SEALED TENDERS addressed to the undersigned, and endorsed "Tender for Welland Canal," will be received at this office until the arrival of the Eastern and Western mails on TUESDAY, the first day of June next, for the construction of a Tunnel, a number of Locks, Regulating Weirs, Bridge Abutments and Piers, Excavation, Dredging, &c., connected with several miles of the enlargement, also the extension and deepening of Port Dalhousie and Port Colborne Harbors. and Port Colborne Harbors.

Maps of the several localities, together with Plans and Specifications of the Works, can be seen at this office on and after THURSDAY, the 20th day of May next, where printed forms of Tender can be obtained. A like class of information relative to the Works north of A lanburg will be furnished at the Resident Engineer's Office, Thorold; and for Works South of Port Robinson, Plans. &c, may be seen at the Resident Engineer's Office, Welland.

Contractors are requested to bear in mind that Tenders will not be considered unless made strictly in accordance with the printed forms, and—in the case of firms—except there are attached the actual signatures, the nature of the occupation and place of residence of each member of the same; and further, an accepted bank cheque or other available security for the sum of from one to three thousand dollars, according to the extent of work on the sec-tion, must accompany each Tender, which sum shall be forfeited if the party tendering declines entering into contract for the works at the rates stated in the

The amount required in each case will be stated on the form of Tender. The cheque or money thus sent in will be returned to the respective contractors whose Tenders are not accepted.

For the due fulfilment of the contract, satisfactory security will be required on real estate or by deposit of money, public or municipal securities or bank stocks to an amount of five per cent on the bulk sum of the Contract, of which the sum sent in with the Tender will be considered a part.

Ninety per cent only of the progress estimates will be paid until the completion of the work.

To each Tender must be attached the actual signatures of the progress and progress. natures of two responsible and solvent persons, residents of the Dominion, willing to become sureties for the carrying out of these conditions, as well as the due performance of the works embraced in the This Department does not, however, bind itself to accept the lowest or any Tender.

Quacks Confounded! considered by the ordinary practising physicians as incurable diseases, and the querry has often been propounded, of what benefit to the helpless sufferer is all their pretended science; and what doth it avail—their long and tedious course of study—if they are obliged to acknowledge that all their resources are to no account when called upon to prescribe for a patient suffering from chronic rheumatism. The great trouble lies in the fact that the mode of investigation is prescribed within certain boundaries and limitations compelling the student to tread in certain well worn paths, or suffer disgrace and excommunica-tion from that highly respectable order of mor-tals known as the Medical Faculty. How often genius has been curbed in its flights of investiga-tion can easily be imagined. And often really grand and beneficial discoveries have been placed

under the ban of censure by those self-constituted censors, for no reasons whatever, but that they are innovations upon a stereotyped and time honored prescription. It was not so, however, with the proprietor of the DIAMOND RHEUMATIC CURE, for his high standing in the profession, and the learning and science of an able mind, quickly compelled the CENSOR to succumb, and now physicians generally all over the world, where this medicine is introduced, admit of its wonderful efficacy, and often prescribe it for their patients. Of course, the use of the Diamond Rheumatic Cure, without the aid of a physician, is a saving in fees to the sufferer, but the really conscientious physician should rejoice at this, for the reason of the general benefits arising to man-

STOPS ALL LEAKS.

AGENT WANTED IN EVERY TOWN. A roof may be covered with a very cheap shingle, and by application of this slate be made to last from 26 to 25 years. Old roofs can be patched and coated, looking much better, and lasting longer than new shingles without the slate, for one-third the cost of re-shingling. This Paint is practically are-proof against sparks or flying embers, and for tin and iron has no equal, as it expands by heat, contracts by contract Two to three gallons will cover 100 square feet of shingle roof, or 400 to 600 square feet of tin, iron, felt, matched-boards, or any smooth surface; although the Paint has a heavy body it is easily applied with a brush, and neither cracks in winter, nor runs in summer.

On decayed shingles it fills up the holes and pores, and gives a new substantial roof that lasts for years. Curled or warped shingles it brings to their places, and keeps them there. It fills up all holes in Felt roofs, stops the leaks, and although a slow dryer rain will not affect it a few hours after applying. As nearly all Paints that are black contain tar, be sure you obtain our geneine article which (for shingle roofs) is

our red color is usually preferred, one coat being equal to five of any ordinary Paint. For BRICK WALLS our bright red is the only reliable slate Paint ever introduced that will effectually prevent dampness from penetrating and discoloring the plaster. Our FINE ENAMEL PAINT, ALL SHADES, is on many of the finest residences in the country. is equally adapted for inside or outside work, fences, barns, etc., readily applied by any one, has been practically tested for 20 years, and we guarantee satisfaction in both quality and price. Send for sample card of colors. All our Paints are mixed ready for use. NEW YORK CASH PRICE LIST. Shipped in good order. Freight on Paint in bbls. rates Fourth Class-boxes Second Class.
