The Judges of Canada are following the example of their brethers on the Bench in the United Kingdom, and are growing more and more strict in the application of provisions of the election law. The latest case is that of Mr. Chisholm, M. P. P., for Peel, Ontario, who has been unseated and disqualified by Chief Justice Dowes for promising a man work if he lost his situation through voting for Chisholm. After a while, with the increasing strictness of the Judges. with the increasing strictness of the Judges, elections will be pure enough. Disqualifica-tion will work wonderful cures; and then if the offering and the accepting of bribes are made penal, as such offences ought to be, we shall have a fair expression of public sentiment.—Halifax Reporter.

ST. JOHN, N. B.

It is a well-known fact that all classes of goods get soiled and faded before the material is half worn, and only require cleaning or dyeing to make them look like new.

Try the GILBERT'S LANE DYE WORKS where every description of Dyeing and Cleaning is executed on short time, in the best manner, and at moderate prices. We have imported three new hands from some of the largest dye works in the old country, men of a great many years experience, and using only the best of Dye Stuffs, we feel confident that we can turn out goods of all kinds, Cleaned, Dyed and Finished in a style that cannot be surpassed.

Special attention given to Black Goods, Damasks, and Moreeens.

Gentlemen's Coats, Vests and Pants Cleaned or Dyed without ripping or injury to the linings.

Kid Gloves Cleaned by a new process without heating.

All orders left with the Agent, J. H. GOLDEN, Connell's Brick Block, will be promptly attended to.

AGENT WANTED IN EVERY TOWN. A roof may be covered with a very cheap shingle, and by application of this slate be made to last from 20 to 25 years. Old roofs can be patched and coated, looking much better, and lasting longer than new shingles without the slate, for one-third the cost of re-actingting. This Paint is practically are-proof against sparks or flying embers, and for the and from her requal, as it expands by heat, contracts by committed will not corrode in the most exposed place. Roofs over d with Tar Sheathing Felt can be made water-light at a small expense. The Slate Paint is The State Paint is CITEAP!

Two to three gallons will cover 100 square feet of shingle roof, or 400 to 600 square feet of tin, iron, telt, matched-boards, or any smooth surface; although the Paint has a heavy body it is easily applied with a brush, and neither cracks in winter, nor runs in summer.

On decayed shingles it fills up the holes and pores, and gives a new substantial roof that lasts for years. Curled or warped shingles it brings to their places, and keeps them there. It fills up all holes in Felt roofs, stops the leaks, and although a slow dryer rain will not affect it a few hours after applying. As nearly all Paints that are black contain tar, be sure you obtain our genuine article which (for shingle roofs) is rating and discoloring the plaster. Our
