MADRID, Feb. 3.—It is reported that the Pope has written a letter to Don Carlos, in which he expresses sympathy for his cause, but advises him to econsider his determination to continue the war. as the dignity of the Catholic Church in Spain has been vendicated, and the rights of the clergy recognized by King Alfonso. The Marquis of Hartington has been elected leader of the Liberals.

New York, Feb. 3.—Gold opened 114 1-8, advanced to 115 1 4, and receded to-114 3-4. Reported it will advance to 120, several causes conspiring to make it scarce, especially the premium offered by Germany. An engine, with 13 persons, collided with a passenger train on the Syracuse Northern Railroad, and most of the persons on the engine were wounded. There was but one njured on the passenger train.

MONTREAL, June 12, 1878. Messrs. T. Graham & Son,-I had for twenty years been subject to frequent and severe attacks of Rheumatism which had so prostrated me that it was only with the assistance of a crutch and a cane that I could leave my chair or move about

Of the many remedies I had used and means I had tried, nothing done me any permanent The result of its use has been most satisfactory

it has freed me of rheumatic pains, and although the cartilages of many of my joints have been greatly enlarged, I can easily walk five or six miles without using a cane, a result that has astonished my acquaintances, and a knowledge of which has induced many others to try it, and all that have used it speak highly of it.

I can confidently recommend it, and willingly satisfy any one of the facts of this case by calling upon me, No. 92 1-2 Craig street, Montreal.

DISEASE OF THE LIVER. The liver is much more frequently the seat of disease than is generally supposed. The functions it is designated to perform, and in the regular execution of which depends not only the general health of the body, but the powers of the stomach, bowels, brain, and the whole nervous system, shows its vast and vital importance to human health. When the liver isseriously discased, it in fact not only deranges the vital functions of the body, bntexercises a powerful influence over the mind and its operations, which cannot be easily described. It has so close a connection with other diseases, and manifests itself by so great a variety of symptoms of a most doubtful character, that it misleads more Physicians, even of great eminence, than any other vital organ. The intimate connection which exists between the Liver and the Brain, and the great dominion we are persuaded it exercises over the passions of mankind, convinces us that many unfortunate beings have committed acts of deep and criminal atrocity, or become what is termed Hypochondrines from the simple fact of a diseased ly the complaints which occur in this country, are to be considered as having their seats in a diseased state of the Liver. We will enumerate some of them: Indigestion, Stoppage of the Menses. Deranged State of the Sweight of the Liver. We will enumerate some of them: Indigestion, Stoppage of the Menses. Deranged State of the Bowels, Irritable and Vindictive Feelings and Passions from trifling and inadequate causes, of which we afterwards feel ashamed; last though not least, more than three-fourths of the disease enumerated under the head of Consumption, have their seat in a diseased Liver. This is truly a frightful eatalogue. Wilson's Tonic and Sarsaparillian Elixir as a remedy for Liver and Bollious Complaints has no equal. The great success which has attended its use will convince the most incredatous. It has been the proprietor's wish that this Elixir should be fairly and fully tested, and that the result has been in every respect favorable, numbers of witness can testify. system, shows its vast and vital importance to human health. J. C. CHAMBERLAIN, Esq.—This is to certify that about three years ago I became afflicted with Bronchitis, which lasted about eighteen months. I was so afflicted for the want of breath that it was very difficult for me to speak, and in the night time frequently throwing the clothes off and raising in the bed to keep from strangling. I tried three of the most eminent physicians in the County of Northumberland for about a year without receiving any benefit. In fact I continued getting worse all the time. At last I was advised to try the Great Shoshonees Remedy. I bought a bottle and took it, and when it was about finished I began to feel a little better. I continued to use it until I had taken three bottles, when to my satisfaction, I found that I was as well as ever I had been previous to my illness, and have been so ever since.

Allen's Lung Balsam. Is the great modern remedy for Coughs, Colds, Consumption, Asthma, Croup and Bronchitis. It is recommended by Physicians everywhere, who are acquainted with its great usefulness. The recommended by Physicians everywhere, who are acquainted with its great usefulness.

Dr. A. L. Scovill, of Cincinnati, Ohio. says:—
"I have witnessed its effects on the young and the old, and I can truly say that it is by far the best expectorant remedy with which I am acquainted. For Coughs, and all the early stages of Lung complaints, I believe it to be a certain cure; and if every family would keep it by them, ready to administer upon the first appearance of disease about the Lungs, there would be very few cases of fatal consumption. It causes the phlegm and matter to rise without irritating those delicate organs (the lungs), and without producing constipation of the bowels. It also gives strength to the system, stops the night-sweats, and changes all the morbid secretions to a healthy state."

Gentlemen,—Having been one of the many martyrs of rheumatism that I meet on my daily rounds, I was induced to try the celebrated Diamond Recumatic Cure. I had suffered the last five or six weeks the most terribly acute pains across my loins and back—so severe, indeed, that I could hardly walk without the help of a stick. I commenced using the Diamond Remedy, following the directions carefully. Relief came immediately with the first bottle—improved with the second, and completely cured and free from pain after using my fifth small bottle.

You are at perfect liberty to refer to me either privately or publicly, as I feel very thankful for the relief and sympathy with my fellow sufferers from rheumatism.
