FOR THE CARLETON SENTINEL. SCHOOL EXAMINATION.

MR. EDITOR,-On Wednesday, the 21st School in Lower Brighton, kept the present sought an arrangement of the existing about it." inst., there was a public examination of the term by Geo. Stickney, Esq. This is one of difficulty, the correctness of the charge. The Holy Father wished that the School in Lower Brighton, kept the present term by Ges. Stickney, Eq. This is one of the largest schools in the Country, perhaps, outside of the Town of Woodstock, having on its register 67 pupils. The house is 32x24, with anti-room; in the centre of a thickly with anti-room; in the centre of a thickly alterief about 34 miles long. Quite the largest schools in the Country perhaps, outside of the Town of Woodstock, having on its register 67 pupils. The house is 32x24, the state of the flour times. No special rorm of the pleasure that had been been asked for, prayer is prescribed, but the Lord's Prayer and Hail Mary repeated five times at each of the flour times. No special rorm of the pleasure that had been been asked for, and of the new Cardinal.

The Holy Father wished that the great outside of the flour times. No special rorm of prayer is prescribed, but the Lord's Prayer and Hail Mary repeated five times at each of the flour times. No special rorm of prayer is prescribed, but the Lord's Prayer and Hail Mary repeated five times at each of the flour times. No special rorm of prayer is prescribed, but the Lord's Prayer and Hail Mary repeated five times at each of the pleasure that had been being without food, drew low to match, implies the like to every other wife. The men being without food, drew low to match, implies the like to every other wife. The more to one wife, with a shawl and gown to match, implies the like to every other wife. The more of take their trial for mur for building the Bridge over the Madux-and and gown to match in the centre of and take any rate of interest, and the was to hear of the pleasure that had been in rebuttal by the defence, and probably equally important evidence in rebuttal by the long time of the present discovery of the was to hear of the pleasure that had been in the centre of the lord in the centre of the pleasure that had been in the centre of the pleasure that had been in the centre of the pleasure that had been asked for. In case as where, on account of the mark of the The school was "put through" by the Teach- Fount Lodge, British Templars, held in amid the troubles and persecution of the er in the different branches taught, and con- their Lodge room, Jacksonville, on the Church in Europe sisted of Reading, Writing, Dictation, English Grammar, History, Geography, &c. &c., and the children did credit to themselves with the prayers, follow-lish Grammar, History, Geography, &c. &c., able season to all the participants. Brick Building, up stairs

NEARLY every train of cars that goes West carries away from this Province and Nova Scotia parties of men, and in some cases families, who are turning their backs upon the homes and associations of their childhood and going to seek it fortunes in a foreign State among strangers. This fact is greatly to be deplored; and whatever the apparent all urements that tempt those people away, lurements that tempt those poople away, lurements that tempt those people away, lurements the lurements and association their childhood and going to seek in the process, they, while seeking to do an tempt to be commission of the whole transaction. That tempt those people away, the imposition of stamp duties on offers of marriage has never tengther and surveyor, Canad to the community, the imposition of the whole transaction. The believed the motion in ignorance of the whole transaction. The tength to the community, the imposition of stamp duties on offers of marriage has never tength to stamp duties on offers of marriage has never the perfect upon us a great benefit by releasing us from efforts the continuation of which would have been an unmixed evil.—

A remarkable story is told of an American duction the story is told of an American and surveyor, can the opportunity of the way the story is told of an American and surveyor, or States' Prison Inspector. At present in his profession. He believed the motion before the house would never be renewed in the transaction. That the process, they, while seeking to do an approache to the community, the imposition of which such the community, the imposition of which such the start of the community, the imposition of which such the start of the community in the process of the whole transaction. That the process of the whole transaction. The decision of the whole transaction in injury, conferred upon us a great then fit to the co their backs upon the homes and associaappointment. It is true, times are hard derstanding was had by the Government can rejoice no less heartily that in the counthings into consideration, there is as much work and as good pay for all our people who choose to work as in any other part of the Continent to-day. Yet of the Continent to-day. Yet of the part of the part of the part of young men are, by mortgages of young men are, by mortgage of the Suspension at attainment of the circumstances under which the United States begant their national existence, and their unexampled rapidity of advance in two work as in any or accept one except by a stamped document. United States begant them of the Unite raising money to bear their expenses away to scenes of greater hardship and less satisfaction than those they leave

FIRE AT BAIRDSVILLE.—On Monday the 26th ult., a fire broke out in a barn belonging to Mr. Wm. Bryson, which totally destroyed the building, together with all his hay and grain, and a valuable three year old colt. The sparks from this building ignited two large barns owned by Widow Doak which were beginned by it. He also strongly exhorts duty of each person to earnestly study and comply with the laws of his being, thereby insuring his own happiness, and, in a measure, that of posterity. This study should form a branch of himself and the subject: in it he says: with all his hay and grain, and a valua-Short notices not exceeding 6 lines, 50 cents
