

Nothing effects in taste or smell, nor sickness in the stomach, is ascribed by the use of the first Shoshonee Remedy—hence its most wonderful success as a remedy of the mass—as well as for a thorough reaper of the system, and a healthy juvenile bloom to the complexion.

Those who suffer from cough or any Lung complaint, should not delay, try the effect of Dr. Wilson's Pulmonary Cherry Balsam, a few doses of which will relieve the sufferer and cause easy and natural expectoration. If a cough is allowed to continue without using such a preventative, a more serious and permanent cough may arise and the patient to the house, if not to a bed of sickness. This is a remedy of extraordinary power, acting directly upon the lungs, and no preparation has been before which produces such a beneficial effect on those organs as this Balsam.

Dr. Wilson's Anti-Bilious and Preserving Pills have now been before the public a sufficient length of time to prove their efficacy and virtue, and the truth of his system as to the cure of disease. Being composed only of vegetable matter or medicinal herbs, they are found by experience to be harmless to the most tender age or the weakest frame, under every stage of human suffering; the most pleasant and benign in their operation, ever offered to the use of the patient, and the most powerful, searching out the roots of any complaint, and performing a cure, if within the reach of human means.

The treatment of rough or broken knees in horses is a subject of great importance. We have seen many apparently hopeless cases restored by the free and continued use of Dr. Dow's Sturgeon Oil Liniment, a perfect remedy for every kind of superficial inflammation, which soon loses its angry character under the use of this invaluable Liniment.

A distressing cough causes the friends of the sufferer almost as much pain as the sufferer himself, and should receive immediate attention. Dr. Wistar's Balsam of Wild Cherry cures coughs, colds, influenza, sore throat, &c. It will always relieve consumption, and in many well-attested cases it has effected a perfect cure.

Consumption—Many say that this disease cannot be cured. But the proprietors of Allan's Lung Balsam will satisfy any one that it has been cured in very many cases of the worst description. They have hundreds of testimonials from thankful individuals who willingly admit it has saved their lives.

It is no longer an idle dream or boasting to affirm that Fellows' Hypophosphates, wherein are united nature's forces, will strengthen man and make his life not only endurable, but sparkling with mirth and joyous health; this then is the recommendation which is tallied in on the way, or when the organism becomes enfeebled.

"THE UNIVERSAL AUREA"—On my journey over the continent—through Turkey, India, China, Japan, Peru, Chili, Paraguay, Brazil, Mexico, and the United States, I have found the Universal AUREA represented by its family members, which are often held in fabulous esteem. Whether they value their marvelous reputation by their cures I know not, but I know they have it to a degree that it is frequently given me a distinguished importance to have come from the same country.—*Health letters from abroad.*

The growth and structure of the human hair, is very plainly set forth in a pamphlet, published by R. H. Hall & Co., New York, N. Y., proprietors of Hall's Vegetable Hair Renewer, for gratuitous distribution. The deservedly high reputation of their preparation has wholly been gained by its merits. Being free from fraud and deceit, it has a healthy action on the scalp, restoring gray hair to its natural color without dyeing it, curing itching of the scalp, removes and prevents dandruff, and will thicken up the thin locks. Such are the benefits which are conferred upon the consumer. No one should neglect to give it a trial.—*Journal & Statesman, Wilmington, Del.*

Cure of Bronchitis.
J. C. CHAMBERLAIN, Esq.—This is to certify that about three years ago I became afflicted with Bronchitis, which lasted about eight months. I was so afflicted for the want of breath that it was very difficult for me to speak, and in the night time frequently throwing up mucus, and other things, and when it was about finished I began to feel better, but still continued to cough, and I had taken three bottles, when, to my satisfaction, I found that it was as well as ever I had been previous to my illness, and have been so ever since.
