Communicated.

MR. EDITOR,—There has been for some time a very lively cannonade against the principles and virtues of our Ontarian rulers, who at present form the Government of the who at present form the Government of the line the first value of the principles and virtues of our Ontarian rulers, who at present form the Government of the line the first value of the line the first value of the line the first value of the statistics of the Dominion. Now, Mr. Editor, "fair playould ing considered a "jewel," I thinke obvious be only just to elaborate sorarian giants. I qualities of these samcause the most procall them Ontariere the leading politicians, minent of the affairs of that flourishing and governy province. This, of itself, one would have thought, sufficient to establish their credit with the people as substantial statesmen-as the Captain of a vessel is generally valued by his employers, when his voyages have been uniformly prosperous and successful. I find, therefore, in summing up on the contra side, a large balance to the credit of Mr. McKenzie & Co. First, since their coming into office, the laws have been more uniformly respected, and impartially administered. No skulking behind the authorities when fraudulent elections sensibly felt any extra strain upon its shoulders. I would not, Mr. Editor, lengthen out this communication by referring to many ering the short time they have been in pow- Parishes. er, the men composing it have given abun-

and diplomatists. We may also thank the Oppositionist papers for the present failure of the Recipro- horses, 3,683; colts and fillies, 1,451; city treaty, which these clever men, McKen- working oxen, 657; milch cows, 8,856; I remain, Dear Sir, Yours, truly,

the master minds of European statesmen

Woodstock, June, 1875. P. S .- Though writing as above, I would not be supposed to hinder any independent paper or writer from giving his own views government transactions, although he ma be partial without sensing it, but even sepe ate views maintained by ministerial men bers only show that independence of though and action, is the proper feature of a liber

SENTINEL OFFICE, in Allan

Brick Building, up stairs.

THE Quarterly meeting of the Carle ton Co. Lodge, B. T., was held at Benton, on Wednesday last. There were over 50 representatives and visitors present, and the business coming properly withing the jurisdiction of this section

Benn, Sec.; D. J. Longstaff, Treas.; Geo. Murray, Chap.; S. Watts, Lect.; Miss E. McKenzie, Coun.; C. H. Em-cords. ery, Rec.; Moses Jewett, Mar.; Miss E. Price, D. M.; S. Cromwell, I. G.; 3070; building stone for dressing, 4,02 Alex. Henderson, O. G.; T. Webber, cubic feet.

S. Watts was elected representative to M. W. G. L., and C. J. Connolly, H. Ferguson and Alex. Henderson repre sentatives to W. G. L.

Next meeting will be held third We nesday in September, at Centreville. In the evening a public Temperan meeting was held in the Meeting House which was filled with a fine audience.-W. C. C. presided. Miss Saunders the organ, assisted by others, gave som appropriate music. The speakers were beside the chairman, C.J. Connolly, Henderson, C. H. Ferguson, W. Benn D. J. Holder, S. Watts. Miss Teed als favored the audience with a recitation. The excursion, by train, and the kin hospitalities of the friends at Bentor was thoroughly enjoyed.

On Thursday, we have no doubt, th Jubilee held in and around Boston. celebration of the centennial of the batt ot Bunker Hill was a big one. Not more strange is the change in the physical aspect of the locality which has taken terested, in that bloody strife, when the ducts, \$778,330. soldiers of the King and those of the vilizing the world.

In the Tilton-Beecher case the case for the defence has been given to the case sed around the hat. Whence they came can be consummated. Jury by the advocates on that side, Messrs. Porter and Evarts, who occupied THERE was a light frost on Monday land have, it is reported, been destroyed some 13 days in their addresses, which morning, following the rain on Sunday, by volcanic eruptions.
