E. D. WATTS, Victoria House, St. John, N. B. April 28, 1875. Allen's Lung Balm. Is warranted to break up the most troublesome Cough in an incredible short time. There is no remedy that can show more evidence of real merit than this Balm, for curing CONSUMPTION, COUGHS, COLDS, ASTHMA, &c.

It excites expectation, and causes the lungs to throw off the phlegm or mucus; changes the secretion and purifies the blood. It gives strength to the parts; gives strength to the digestive organs; brings the liver to its proper action, and imparts strength to the whole system.

It is introduced to the suffering public, after its merits for the positive cure of all diseases have been fully tested. The formula from which it is prepared is referred to by the leading medical journals as being superior to any preparation that can be made up for such diseases by the medical faculty. The Balm is, consequently, recommended by physicians everywhere.
