St. John, N. B., December 19, 1872. Mr. T. Graham, - Dear Sir: I have been for several years under particular obligation to you for a bottle of your Pain Eradicator. Your one bottle cured me permanently, and I always praise the bridge that Thronged with customers to secure carries me safely over.

DISEASE OF THE LIVER. The liver is much more frequently the seat of disease than is generally supposed. The funcdisease than is generally supposed. The lunctions it is designated to perform, and in the regular execution of which depends not only the general health of the body, but the powers of the stomach, bowels, brain, and the whole nervous system, shows its vast and vital importance to human health. DIAMOND RHEUMATIC CURE,

Messrs. Devins & Bolton:

Gentlemen,—Having been one of the many martyrs of rheumatism that I meet on my daily rounds, I was induced to try the celebrated Diamond Recumatic Cure. I had suffered the last five or six weeks the most terribly acute pains across my loins and back—so severe, indeed, that I could hardly walk without the help of a stick. I commenced using the Diamond Remedy, following the directions carefully. Relief came immediately with the first bottle—improved with the second, and completely cured and free from pain after using my fifth small bottle.

You are at perfect liberty to refer to me either privately or publicly, as I feel very thankful for the relief and sympathy with my tellow sufferers from rheumatism.
