as incurable diseases, and the querry has often been propounded, of what benefit to the helpless sufferer is all their pretended science; and what doth it avail—their long and tedious course of study—if they are obliged to acknowledge that all their resources are to no account when called upon to prescribe for a patient suffering from chronic rheumatism. The great trouble lies in the fact that the mode of investigation is prescribed within certain boundaries and limitations scribed within certain boundaries and limitations woll.

Woodstock, May 6, 1875—19 compelling the student to tread in certain well worn paths, or suffer disgrace and excommunication from that highly respectable order of mor-tals known as the Medical Faculty. How often genius has been curbed in its flights of investigation can easily be imagined. And often really grand and beneficial discoveries have been placed under the ban of censure by those self-constitut-

are innovations upon a stereotyped and time honored prescription. It was not so, however, with the proprietor of the DIAMOND RHEUMATIC CURE, for his high standing in the profession, and the learning and science of an able mind, quickly compelled the CENSOR to succumb, and now physicians generally all over the world, where this medicine is introduced, admit of its wonderful efficacy, and often prescribe it for their patients. Of course, the use of the Diamond Rheumatic Cure, without the aid of a physician, is a saving in fees to the sufferer, but the really conscientious physician should rejoice at this, for the reason of the general benefits arising to man-kind from its use.

READ WHAT THE PEOPLE SAY. OFFICE OF SANITARY POLICE, Montreal, June 18, 1874.

GENTLEMEN,-Having been one of the many martyrs of rheumatism that I meet on my daily rounds, I was induced to try the celebrated Diamond Recumatic Cure. I had suffered the last five or six weeks the most terribly acute pains across my loins and back—so severe, indeed, that I could hardly walk without the help of a that I could hardly walk without the help of a stick. I commenced using the Diamond Remedy, following the directions carefully. Relief came immediately with the first bottle—improved with the second, and completely cured and free from pain after using my fifth small bottle. You are at perfect liberty to refer to me either privately or publicly, as I teel very thackful for the relief and sympathy with my tellow sufferers from rheumatism.

Respectfully yours,

J. B. CARDINAL,

St. John, N. B., Sept. 29th, 1874. A. CHIPMAN SMITH: DEAR SIR .- This is to certify that the Diamond Rheumatic Cure has perfectly cured me of that dreadful pain called rheumatism. I have suffered with the said complaint for upwards of twelve years, and tried several doctors, but never found anything to cure it until I took some of the Diamond Rheumatic Cure. After taking three bottles of the said medicine I found mysel:

so well as any man could wish for to be, for which I strongly recommend it to all who suffer from that dreadful pain. PETER F. JOHNSON, 123 Prince Wm. street.

DIAMOND RHEUMATIC CURE. and is now for the first time offered to the Canadian public, prepared by a careful, experienced and conscientious physician, in obedience to the desire of numberless friends in the profession, in the trade and among the people.

Every bottle is warranted to contain the full cheaper than ever before. strength of the medicine in its highest state of purity and development, and is superior to any medicine ever compounded for this terrible com-

examine them, as we intend to offer them at a very Small Profit.

ST. JOHN, N. B. WILLIS & LAW,

DYERS AND FRENCH CLEANERS It is a well-known fact that all classes of goods get soiled and faded before the material is half worn, and only require cleaning or dyeing to make them look like new.

Try the GILBERT'S LANE DYE WORKS where every description of Dyeing and Cleaning is executed on short time, in the best manner, and at moderate prices. We have imported three new hands from some of the largest dye works in the old country, men of a great many years experience, and using only the best of Dye Stuffs, we feel confident that we can turn out goods of all kinds, Cleaned, Dyed and Finished in a style that cannot be surpassed.

Special attention given to Black Goods, Damasks, and Morecens.

Gentlemen's Coats, Vests and Pants Cleaned or Dyed without ripping or injury to the linings.

Kid Gloves Cleaned by a new process without heating.

Carpets Cleaned by a new process without beating. All orders left with the Agent, J. H. GOLDEN, Connell's Brick Block, will be promptly ttended to.

May 7, 1875—1y-19 ECONOMICAL

STOPS ALL LEAKS. AGENT WANTED IN EVERY TOWN. SEND FOR TESTIMONIAL A roof may be covered with a very cheap shingle, and by application of this slate be made to last from 20 to 25 years. Old roofs can be patched and coated, looking much better, and lasting longer than new shingles without the slate, for one-third the cost of room equal, as it expands by heat, contracts by one against sparks or flying embers, and for the and from has no equal, as it expands by heat, contracts by one will not corrode in the most exposed places. Roofs covered with Tar Sheathing Felt can be made water-light at a small expense. The Slate Paint is EXTREMELY CHEAP!

Two to three gallons will cover 100 square feet of shingle roof, or 400 to 600 square feet of tin, iron, felt, matched-boards, or any smooth surface; although the Paint has a heavy body it is easily applied with a brush, and neither cracks in winter, nor runs in summer.

On decayed shingles it fills up the holes and pores, and gives a new substantial roof that lasts for years. Curled or warped shingles it brings to their places, and keeps them there. It fills up all holes in Felt roofs, stops the leaks, and although a slow dryer rain will not affect it a few hours after applying. As nearly all Paints that are black contain tar, be sure you obtain our genuine article which (for shingle roofs) is CHOCOLATE COLOR. when first applied, changing in about a month to a uniform slate color, and is to all intents and purp State. On our red color is usually preferred, one coat being equal to five of any ordinary Paint. For BRICK WALLS our bright red is the only reliable slate Paint ever introduced that will effectually precent dampness from penetrating and discoloring the plaster. Our is on many of the finest residences in the couptry, is equally adapted for inside or outside work, fences, barns, etc., readily applied by any one, has been prectically tested for 20 years, and we guarantee satisfaction in both quality and price. Send for sample card of colors. All our Paints are mixed ready for use.

We examine buildings within 50 miles of N. Y., give estimates, and, when required, thoroughly

Repair and Warrant Roofs of all Lines. The public are cautioned against worthless imitations of our paints, and those who copy our advertisements. Orders from parties not known to us must be accompanied with the cash, or satisfactory city reference. We do not take the risk of express charges being satisfactory on goods ordered sent C. O. D. Orders solicited. Correspondence invited. Send for Book Circular to Box 1761, N. Y.
