NO

Rheumatism and Gout have heretofore been considered by the ordinary practising physicians as incurable diseases, and the querry has often been propounded, of what benefit to the helpless sufferer is all their pretended science; and what doth it avail—their long and tedious course of study—if they are obliged to acknowledge that all their resources are to no account when called upon to prescribe for a patient suffering from chronic rheumatism. The great trouble lies in the fact that the mode of investigation is preactibed within certain boundaries and limitations compelling the student to tread in certain well compelling the student to tread in certain well worn paths, or suffer disgrace and excommunication from that highly respectable order of mortals known as the Medical Faculty. How often genius has been curbed in its flights of investigation can easily be imagined. And often really grand and beneficial discoveries have been placed the Sentinel office. under the ban of censure by those self-constitut-ed censors, for no reasons whatever, but that they are innovations upon a stereotyped and time honored prescription. It was not so, however, with the proprietor of the

DIAMOND RHEUMATIC CURE, for his high standing in the profession, and the learning and science of an able mind, quickly compelled the CENSOR to succumb, and now physicians generally all over the world, where this medicine is introduced, admit of its wonderful efficacy, and often prescribe it for their pa-tients. Of course, the use of the Diamond Rheumatic Cure, without the aid of a physician, is a saving in fees to the sufferer, but the really con-scientious physician should rejoice at this, for the reason of the general benefits arising to man-

GENTLEMEN,-Having been one of the many martyrs of rheumatism that I meet on my daily rounds, I was induced to try the celebrated Diamond Recumatic Cure. I had suffered the last mond Recumatic Cure. I had suffered the last five or six weeks the most terribly acute pains across my loins and back—so severe, indeed, that I could hardly walk without the help of a stick. I commenced using the Diamond Remedy, following the directions carefully. Relief came immediately with the first bottle—improved with the second, and completely cured and free from pain after using my fifth small bottle. You are at perfect liberty to refer to me either privately or publicly, as I teel very thankful for the relief and sympathy with my tellow sufferers from rheumatism. ers from rheumatism. A. CHIPMAN SMITH: DEAR SIR,—This is to certify that the Diamond Rheumatic Cure has perfectly cured me of that dreadful pain called rheumatism. I have that dreadful pain called rheumatism. I have suffered with the said complaint for upwards of twelve years, and tried several doctors, but never found anything to cure it until I took seme of the Diamond Rheumatic Cure. After taking three bottles of the said medicine I found myself so well as any man could wish for to be, for which I strongly recommend it to all who suffer from that dreadful pain.

Woodstock, May 14, 1875. Gilbert's Lane Woollen Mill & Dye Works,

WILLIS & LAW,

DYERS AND FRENCH CLEANERS It is a well-known fact that all classes of goods get soiled and faded before the material is half worn, and only require cleaning or dyeing to make them look like new.

Try the GILBERT'S LANE DYE WORKS where every description of Dyeing and Cleaning is executed on short time, in the best manner, and at moderate prices. We have imported three new hands from some of the largest dye works in the old country, men of a great many years experience, and using only the best of Dye Stuffs, we feel confident that we can turn out goods of all kinds, Cleaned, Dyed and Finished in a style that cannot be surpassed.

Special attention given to Black Goods, Damasks, and Morecens.

Gentlemen's Coats, Vests and Pants Cleaned or Dyed without ripping or injury to the linings.

Kid Gloves Cleaned or Dyed.

Carpets Cleaned by a new process without heating.

A roof may be covered with a very cheap shingle, and by application of this slate be made to last from 20 to 25 years. Old roofs can be patched and coated looking much better, and listing longer than new shingles without the slate, for one-third the cost of re-shingling. This Paint is practically are-proof against sparks or flying embers, and for tin and iron has no equal, as it expands by heat, contracts by contracts Two to three gallons will cover 100 square feet of shingle roof, or 400 to 600 square feet of tin, iron, felt, matched-boards, or any smooth surface; although the Paint has a heavy body it is easily applied with a brush, and neither cracks in winter, nor runs in summer.

On decayed shingles it fills up the holes and pores, and gives a new substantial roof that lasts for years.

Curled or warped shingles it brings to their places, and keeps them there. It fills up all holes in Felt roofs, stops the leaks, and although a slow dryer rain will not affect it a few hours after applying. As nearly all Paints that are black contain tar, be sure you obtain our genuine article which (for shingle roofs) is

when first applied, changing in about a month to a uniform slate color, and is to all intents and purposes State. On our red color is usually preferred, one coat being equal to five of any ordinary Paint. For BRICK WALLS our bright red is the only reliable slate Paint ever introduced that will effectually precent dampness from penetrating and discoloring the plaster. Our
