In strains of the Shoulder and obstinate cases of lameness, Dr. Dow's Sturgeon Oil
Liniment not only gives relief to the horse,
but by persevering in its use, effects a permanent cure. On the first attack of stiffness

with corrupt, disordered or viriated Blood,
you are sick all over. It may burst out in
pimples or sores, or in some active disease,
or it may merely keep you listless, depressed,
and good for nothing. But you cannot have in any of the joints or cords, recourse should will your blood is impure—
Wilson's Tonic and Sarsaparıllian Elixir immediately be had to the Liniment, which will assuage the painful part, reduce the swelling, and subdue the inflammation.

Professor Clark writes to the agent of rapidly cures a variety of complaints which Clark's Derby Condition Powders, "By example are caused by impurity of the blood. Try traordinary care in the selection of the ingredients, and by the closest attention in compounding them, with all the skill a life-which it cleanses the blood and cures disease compounding them, with all the skill a life-time has given me, I feel warranted in say-ing that the Powders I am now introducing to the American public are as effectual a re-remedy as it is possible to produce, and will prevent distempers of various kinds to which horses are liable during the spring and summer months."

A preparation so widely and favorably known as Hall's vegetable Sicilian Hair Renewer, needs few words of praise from us. This compound has won its way to the high-est favor in the public mind; and multitudes, who have vainly used other remedies for the restoration of the hair, have, on trying the Sicilian Renewer, been made glad by the speedy restoration of their gray hair to its natural color, and the thin locks thickened up, as in the days of early youth. It also prevents the hair falling out, makes it soft and glossy, and is altogether the best preparation for its intended purposes before the public.—Pittsburg Chronicle.

Quacks Confounded!

Rheumatism and Gout have heretofore been considered by the ordinary practising physicians President: Hon. W. P. Howland, C.B. as incurable diseases, and the querry has often been propounded, of what benefit to the helpless sufferer is all their pretended science; and what doth it avail—their long and tedious course of study—if they are obliged to acknowledge that all their resources are to no account when called all their resources are to no account when called upon to prescribe for a patient suffering from chronic rheumatism. The great trouble lies in the fact that the mode of investigation is prescribed within certain boundaries and limitations compelling the student to tread in certain well worn paths, or suffer disgrace and excommunication from that highly respectable order of mortals known as the Medical Faculty. How often genius has been curbed in its flights of investigation can easily be imagined. And often really grand and beneficial discoveries have been placed under the ban of censure by those self-constitut-
