I have waited patiently for "A Breed-er" to call on me and receive the information I —15 cases Slates; 3 cases Knobs; 12 cases Ladies' Silk So I have waited patiently for "A Breeder" to call on me and receive the information asked for relative to a Stock Horse now in my be aked for relative to a Stock Horse now in my be chirge, and known as the Skowhegan "Knox Boy." There seems to be something mysterious about this man; he professes to be anxious to gain information, information that he is justly entitled to, information that I am anxious to impart, and yet this man will not call upon me and seem ye certificates and hear my statements. Now, if he is really a breeder, and is actuated by honeit motives, why not come out and act squarely.

I am inclined to think that such cannot be the case, but that this man is base enough in order to gratify a personal feeling he has against me to attempt to injure the Horse; if such be the case I ask this man "to go for me" any way he chooses, and I am willing to allow the public to judge between us. The more questions he asks about this horse the better, as the more you rub him the brighter he will shine. Now for the information of all honest breeders I request you to publish the accompanying certificates and extracts from letters now in my possession; in order not to take up any more of your valuable space than I can possibly help, I will only ask you to publish those that are particularly interesting to breeders, and allow me to say that I will forfeit fifty dollars if any one will prove incorrect any statement herein contained.

I was anxious to introduce into this county a horse that would really prove a benefit to stock raisers. ## THE GREAT REMEDY FOR

CONSUMPTION which can be cured by a timely resort to this standard preparation, as has been proved by the hundreds of testimonials received by the proprietors. It is acknowledged by many prominent physicians to be the most reliable preparation ever introduced for the relief and cure of all Lung complaints, and is offered to the public, sanctioned by the experience of over forty years. When resorted to in season it seldom fails to effect a speedy cure in the most severe cases of Coughs, Bronchitis, Croup, Whooping Cough, Influenza, Asthma, Colds, Sore Throat, Pains or Soreness in the Chest and Side, Liver Complaint, Bleeding at the Lungs, &c. Wistar's Balsam does not dry up a Cough, and leave the cause behind, as is the case with

most preparations, but it loosens and cleanses the lungs, and allays irritation, thus removing the cause of the complaint.

JACKETS commencing at 90 cents each, Dress Goods commencing at 71 cents per yard. FIRE-PROOF. Winceys commencing at 51 cents per yard. ECONOMICAL. REDUCED IN PRICE! ORNAMENTAL. Preserves Tin or Iron. An early call solicited in order to get the STOPS ALL LEAKS. AGENT WANTED IN EVERY TOWN. McDONALD & KEDEY. SEND FOR TESTIMONIALS A roof may be covered with a very cheap shingle, and by application of this slate be made to last from 20 to 25 years. Old roofs can be patched and coated looking much better, and lasting longer than new shingles without the slate, for one-third the cost of restinating. This Paint is practically are-proof against sparks or flying embers, and for tin and iron has no equal, as it expands by heat, contracts by contracts. Roofs covered with Tar Sheathing Felt can be made Jater-light at a small expense. The Slate Paint is EXELEMBLY CHEAP! Two to three gallons will cover 100 square feet of shingle roof, or 400 to 600 square feet of tin, iron, felt, matched-boards, or any smooth surface; although the Paint has a heavy body it is easily applied with a brush, and neither cracks in winter, nor runs in summer.

On decayed shingles it fills up the holes and porces, and gives a new substantial roof that lasts for years. Curled or warped shingles it brings to their places, and keeps them there. It fills up all holes in Felt roofs, stops the leaks, and although a slow dryer rain will not affect it a few hours after applying. As nearly all Paints that are black contain tar, be sure you obtain our genuine article which (for shingle roofs) is when first applied, changing in about a month to a uniform slate color, and is to all intents and purpose Slate. On our red color is usually preferred, one coat being equal to five of any ordinary Paint. For BRICK WALLS our bright red is the only reliable slate Paint ever introduced that will effectually prevent dampness from penetrating and discoloring the plaster. Our CAN BUY MORE FINE ENAMEL PAINT, ALL SHADES, is on many of the finest residences in the country, is equally adapted for inside or outside work, fences, barns, etc., readily applied by any one, has been practically tested for 20 years, and we guarantee satisfaction in both quality and price.
