May 7, 1875—1y-19 An Inspection respectfully solicited. G. W. VANWART, King Street. FIRE-PROOF. ECONOMICAL ORNAMENTAL. STOPS ALL LEAKS. Alfred Letts, F. C. O., AGENT WANTED IN EVERY TOWN. BEGS to inform the inhabitants of Woodstock that he is ready to commence at once with any number of pupi's not exceeding sixty, in any SEND FOR TESTIMONIALS. A roof may be covered with a very cheap shingle, and by application of this slate be made to last from 20 to 25 years. Old roofs can be patched and coated, looking much better, and lasting longer than new shingles without the slate, for one-third the cost of re-sningling. This Paint is practically are-proof against sparks or flying embers, and for the and iron has no equal, and the expands by heat, contracts by and will not corrode in the most exposed places. Roofs covered with the Sheathing Felt can be made rator-light at a small expense. The State Paint is EXTLEMETY CHEAP! Two to three gallons will cover 150 square feet of shingle roof, or 400 to 600 square feet of tin, iron, felt, matched-boards, or any smooth surface; although the Paint has a heavy body it is easily applied with a brush, and neither cracks in winter, nor runs in summer.

On decayed shingles it fills up the holes and pores, and gives a new substantial roof that lasts for fearth.

Curled or varped shingles it brings to, their places, and keeps them there. It fills up all holes in Felt roofs, stops the leaks, and although a slow dryer rain will not affect it a few hours after applying. As nearly all Paints that are black contain jay, he sure you obtain our genuine article which (for shingle roofs) is Book and sheet music extra, and all lessor missed by pupils to be their own loss.
Classes (of 9 and 10 pupils) formed in the CHOCOLATE COLOR. when first applied, changing in about a month to a uniform slate color, and is to all intents and purposed country to take lessons on one instrument will be liberally treated with. For terms, apply personally or by letter, which will receive our red color is usually preferred, one coat being equal to five of any ordinary Paint. For BRICK WALLS our bright red is the only reliable slate Paint ever introduced that will effectually precent dampness from penetrating and discoloring the plaster. Our prompt attention.

I will select Pianos and Organs for intending purchasers free of charge. FINE ENAMEL PAINT, ALL SHADES. is on many of the finest residences in the country, is equally adapted for inside or outside work, fences, barns, etc., readily applied by any one, has been practically tested for 20 years, and we guarantee satisfaction in both quality and price. Sand for sample card of colors. All our Paints are mixed ready for use. Am open to an engagement as Organist, and to take charge of the choir if necessary.
