The ejizootic has appeared in Montre al and Ottawa, and is said to be spreading rapidly. It is not severe as it was at its first appearance, three years ago; and this circumstance, viewed in connection with the fact that it is still early in the fall, gives hope that it will not last, as it did then, through the winter. when a discoverer of any scientific subject, asks the co-operation of the learned in science, to test the merit and truth of his discovery by severe tests and practical regults, and then to endorse and recommendit, it is fair to presume it is valuable for the purpose intended. Such has been the course pursued by Messrs Hall & Co., proprietors of Hall's Vegetable Sicilian Hair Renewer. And all those who have tested it (among whom we may mention Dr. A. A. Hayes and S. Dana Hayes, Chemists and State Assayers of Massachusetts; Walter Burnham, M. D., Prof. of Surgery in Penn. University, Philadelphia; Geo. Gray, M. MOMENTOUS ENQUIRY.-No diseases are more trying to the temper or more exhaust-ing to the constitution than diseases of the ing to the constitution than diseases of the pulmenary organs, brought about often, but not always, from exposure to wet and cold. Whenever we feel the first symptoms of a cough it will only be necessary to take Dr. Wilson's Pulmonary Cherry Balsam to obtain immediate ease. All lung complaints are speedily removed and cured by the use of this unequaled remedy. Whenever persons subject to pulmonary disorders feel exhausted or out of sorts, they should immediately resort to this wonderful restorative. All tender chested persons will save endless misery by adopting this treatment, misery by adopting this treatment,

Dr. Wilson's Anti-bilious Pills are the best medicine now on sale in this city, the ingredients of which are so uninjurious that they cannot harm the most delicate constitution. They are compounded entirely of medicinal herbs. They are the production of a doctor who has made it his study to alleviate the ills to which the human family are all liable. They must therefore be hailed with delight as supplying a want long felt in this country.

It is a rare thing for any physician to pre-pare or countenance a medicine the manu-facture of which is kept secret. The only exception we know of is Dr. Dow's Sturgeon Oil Liniment. This we believe they all en-dorse from their confidence in the inventor and from the virtues of the article itself, and many of them use it in their practice with the great success.

"I must say the Derby Condition Powders are the best horse medicine I ever sold; at any rate they give general satisfaction, which I consider the best evidence of their excellence. I am the first person who introduced them here, and they take well. I think I shall be able to sell a large quantity the coming fall and winter. I can send you numerous certificates regarding their effect if you desire it."

From numerous cases of Dyspepsia and Compound Syrup of Hypophosphites, after every other known remedy had been used in vain, its efficacy in restoring the functions of Digestion and Evacuation is manifest.
