the Legislative Council :

Assembly :

I have convened you at the usual period in the history of that Island, and cannot but In respect to the establishment of the Su- ten cents for this February number to the fidence that your labors will be resumed in

I regret that the financial crisis which CENTRAL RAILWAY .- A very enthusiastic commenced in the United States more than CENTRAL RAILWAY.—A very enthusiastic meeting was held in this City on Thursday tended to Great Britain, has within the last year led to depressing results in our own more than doubled within seven years, have had to meet a reduced demand at home and overstocked warehouses abroad. These results would have been much more serious in their consequences, had not Providence blessed us with an abundant harvest. We A bill will be brought before you contain-was not so charming as the beginning of the section of the beginning of the section improvement in our trade and commerce. The display made by our manufacturers and mechanics at the Exhibition held in the City of St. John during the past year, was highly satisfactory, affording evidences of marked progress by the Province during the past few years in various manufacturing industries; and of such an improvement in the skill and workmanship of her artizane and mechanics as will justify favorable comparison with any other Province of the Do-

I am happy to say that the working of the Regulations of the Crown Land Department, by which the system of stumpage was applied to lumber cut on the public domain, has proved as satisfactory as could have been anticipated; and the care now used in the selection of the trees to be cut will be found preventive of the reckless and indiscriminate destruction of the forest so often deprecated in the past.
