our County Convention.

FOR THE CARLETON SENTINEL. MR. EDITOR,-Knowing the lively interest you take in any movement having for its object the promotion of the great cause of Temperance, permit me through the columns of your valuable paper to give a sh rt notice of the 3rd anniversary held by the members of Golden Circle Lodge, B. T. at Upper Queensbury, York County, on the 7th inst. Bro. H. U. Clark filled the chair, and kept the meeting in the best of humor. The programme consisted of the audience singing the opening ode, after which the chairman gave the opening address. Speeches were then given by Bros. C. E. Heustis. W. H. Clark, and J. T. Clark; Recitations by Charles H. S. Clark, W. A. Clark, C. S. True, F. H. Clark, and Cassy Quigg; Reading by F. H. Haves and Annie M. Clark; music by the Sisters, both vocal and instru-True, and closing with the singing of the Na-

Brick Building, up stairs.

WE regret that at the recent meeting of the N. B. Railway Co. provision was not made for the completion of that short link necessary to bring the rail at following: Northampton and that of the N. B. & C. Road at Woodstock in connection. We referred to this subject a short time which the country is laboring, especially phenomenon, as it looked about 2.30 p. m. when we know that in some districts of this It was first seen about 12.30, and lasted unago, since which we learn that there exists a misunderstanding between the Company and the Government, which is the cause of the delay in going on with the connection. The misunderstanding is simply this: The Company the province immigration to Ontario or with the connection. The misunderstanding is simply this: The Company the province immigration to Ontario or between the did not mean immigration to Ontario or placed where the south should be, otherwise the diagram is correct. The sun was surrounded by a densely dark smoke like a circle immediately surrounding the control of the Parish of Bright the sun assumed its normal appearance.—

The north mark, in making the cut, was placed where the south should be, otherwise the diagram is correct. The sun was surrounded by a densely dark smoke like a circle immediately surrounding the correct of this til nearly 4 o'clock, when it faded away, and the sun assumed its normal appearance.—

The north mark, in making the cut, was placed where the south should be, otherwise the diagram is correct. The sun was surrounding the diagram is correct. The sun was surrounding the diagram is correct. The sun was surrounding the diagram is correct. The sun was surrounded by a densely dark smoke like a circle immediately surrounding the cut, was not later that the province immigration to Ontario or the sun assumed its normal appearance.—

The north mark, in making the cut, was the upper portion of the Parish of Bright the sun assumed its normal appearance.—

The north mark, in making the cut, was not lead to clock, when it faded away, and the sun assumed its normal appearance.—

The north mark is norm standing is simply this: The Company claim the right, under the engagement between them and the Government, of selecting the land—say 15,000 acres—provided for this piece of road as a subsidy, where they choose, while the Government hold that the Company are to be limited as to the locality in which the selection is made. And much loss. While we have no desire those which remained would from time to to see the Government relax toward time be settled; but we had in the North hope that under all the circumstances a ly easy reach. If we did not mean to take too rigid interpretation will not be put measures for its settlement Canada should is to be opened to passenger trains, the County will be largely represented at

Grand Southern Railway, and some portions of the line are, we believe, under contract; but the St. Stephen papers, who ought to be posted on the pers, who ought to be posted on the pers, who ought to be posted on the pers, who ought to be posted on the personnel of the mark of the facts of the matter, seem to be in doubt grants could be more easily removed from the as to the letting of contracts and the populous districts of Europe to the North actual commencement of work. It is West than to Australia. The experiment venerable prelate whose name has been P., for public documents. actual commencement of work. It is probable that connection will be made between St. George and that part of the public expenditure was between St. George and that part of the contractor, Mr. T. R. Cameron, into a constitution of the contractor, Mr. T. R. Cameron, into a that which was most likely to have immediate been ficial results. As a direct expenditure was been accepted. He is 79 years of the two have our doubts.

Tibbets' Warehouse, Andover, is being had already been made with the Menonite, so conspicuous of late in connection will be made and desirous of obtaining a so conspicuous of late in connection with religio-political matters, has restricted in London was of the contractor, Mr. T. R. Cameron, into a being rapidly transformed, under the supervision of the contractor, Mr. T. R. Cameron, into a being rapidly transformed, under the supervision of the contractor, Mr. T. R.
