"O wad some power the gift to gi'e us,
To see oursel's as ithers see us."

Behold that pale, emaciated figure, with downcast eye, like some criminal about to meet her fate! See that nervous, distrustful look, as she walks along with a slow and unsteady step. The pink has left her cheeks and the cherry her lips. The once sparkling, dancing eyes are now dull and expressionless. The once warm dimpled hands are now thin and cold. Her beauty has fled.—What has wrought this wonderful change? What is that which is lurking beneath the surface of that once lovely form? Does she realize her terrible condition? Is she aware of the woeful appearance she makes? Woman from her very nature, is subject to a catalogue of diseases from which man is entirely exempt. Many of those maladies are induced by her own carelessness, or through ignorance of the laws of her being. Again, many Female Diseases, if properly treated, might be arrested in their course, and thereby prove of short duration. They should not be left to the inexperienced physician who does not understand their nature, and is, therefore, incompetent to treat them. The importance of attending to female diseases in their earliest stages cannot be too strongly urged. For if neglected, they frequently lead to Consumption, Chronic Debility, and oftentimes to Insanity. In all classes of Female Diseases, Dr. Pierce's Favorite Prescription is without a rival. No medicine has ever surpassed it. In "The People's Common Sense Medical Adviser," of which R. V. Pierce, M. D., of Buffalo, N. Y., is the author and publisher, is an extended treatise on Woman and her Diseases. Under this head, the various affections to which woman is incident are carefully considered, accurately portrayed, and a restorative course of treatment suggested. Every woman, as she values her life and health, should possess a copy of this valuable book. If she be diseased, this "Adviser" will show her how she may be restored to health, and also direct her how she may ward off many maladies to which she is constantly being exposed. Let every suffering woman heed this timely advice and see herself as others see her. Price of Adviser, $1.50 (post-paid) to any address.

Mr. Snow and his goodly array of Haymakers were greeted by an overflowing audience and unbounded applause on Thursday evening. We merely mention the fact that as most of those who were present will be anxious to attend the repetition of the Cantata this (Friday) evening, those who were not present must go early in order to secure seats.—As it is to be repeated we defer a lengthier notice.

McCausland's brick block, Fredericton, was burned on Wednesday morning. Besides the property in several stores all the contents, public papers, etc., in the offices of the Sheriff of York, Messrs. Vanwart, Barristers, and Mr. John Richards, Agent, were destroyed. Dr. Dow and Ellis also lost their office property.

Mr. Workman's resolution in the House of Commons condemnatory of the Government for a non-protection policy, was lost by a vote 119—64.

Deacon Noah Pease, of Ellington, Conn., and his wife, aged respectively eighty-four and eighty-five years, died at the same moment on Wednesday of last week, and were buried together the next day.

The spring months are a very trying season of the year to those constitutionally inclined to disorders of the respiratory organs. The unusually mild weather sometimes so prevalent about mid-spring encourages many to hope that they have escaped their customary complaints. This second winter, which generally succeeds such a mild spell, no doubt disappoints hundreds, many of whom need not be disheartened since they can defy any cough from becoming dangerous by using Dr. Wilson's Pulmonary Cherry Balsam; and from experience of it, duty compels us to say it seems designed for the express purpose of securing to the weak and infirm the means of preserving good and robust health.

Dr. Wilson's Anti-bilious and Preserving Pills are the most effective remedy for Indigestion, Bilious and Liver Complaints known, and for elderly people who require an occasional dose of medicine to procure regularity nothing better can be had. In all cases they are perfectly safe.

The sales of Dr. Dow's Sturgeon Oil Liniment have wonderfully increased lately.—We presume, therefore, that the well known virtues the Liniment possesses are becoming universally appreciated. The thousands of persons who testify to its effects are miraculous, and that the most serious cases of Rheumatism will yield readily to its wonderful power.

Clark's Derby Condition Powders will thoroughly remove from your horse all unhealthy obstructions, and cleanse the whole system, expelling inflammation, produces a healthy action upon the Liver, and a strong appetite, thereby rendering the animal capable of much greater endurance.

Fellows' Hypophosphites makes an old person look ten years younger. "This witness is true." Would that I could more widely make it known for its many virtues. Long may its inventor live to see the happy fruits of his invention.

Alexander Clarke, D. D., Amherst, N. S.

To the weak, the Worn and the Weary, the editor of the *Boston Recorder* says: We can most unhesitatingly recommend the Peruvian Syrup, a protected solution of the protoxide of iron, to all the weak, the worn and the weary, having richly experienced its benefits. It possesses all the qualities claimed for it by its proprietors.

Isaac R. Doran, M. D., of Logan Co., Ohio, says: "Allen's Lung Balsam not only sells rapidly, but gives perfect satisfaction in every case within my knowledge. Having confidence in it, and knowing that it possesses valuable medical properties, I freely use it in my daily practice and with unbounded success. As an expectorant, it is most certainly far ahead of any preparation I have ever yet known."

Duncan McIsaac, Little Judique, C. B., testifies that Spencer's Vesuvian Liniment is the best remedy for RHEUMATIC COMPLAINTS that can be had. He writes for a supply, in order that his neighbors may be benefitted, as he has been by its use.—Spencer's Vesuvian Liniment is put up in bottles at 20 cents, 30 cents and 40 cents each; also large bottles at $1.00 and $2.00 each. A Successful Physician.—Dr. Julius H. Arnold, of Berlin, Prussia, who came to St. John last summer, intending to make a brief stay, has met with so much success in the treatment of patients suffering from diseases of long standing which had been pronounced incurable by other physicians, that he has decided to remain for a year, and will be found at the "Victoria Hotel." He has so many patients under treatment at the present time, and so many are desiring his services, that his stay must necessarily be longer than was first anticipated. 3m-4

Telegraphic News.

London, March 7.—The appropriation called for by the English Government for the purchase of the Suez Canal shares was granted by the House of Commons last evening. It is now estimated that the Republicans will command 350 votes in the French Chamber of Deputies. Bonapartist strength between 80 or 90. Duc d'Auffret Pasquier will be President of the Senate. The presiding officer of the House of Deputies is not decided upon. Ministerial negotiations are temporarily suspended. The Danube is again rising and houses are falling. Ex-Minister Rouher was returned to the French Assembly for Ajaccio, defeating Prince Jerome Bonaparte. England has refused the request of the Khedive of Egypt to appoint a commissioner jointly with France and Italy for the establishment of a National Egyptian Bank, which is a serious check to the solution of Egypt's difficulties. Queen Victoria and Princess Beatrice to-day traversed London by way of the Thames Embankment, Queen Victoria street, Cornhill Leadenhall street and White Chapel street to open the new wing of the London Hospital in White Chapel Road. A large body of troops acted as escort, and immense and enthusiastic crowds of people lined the streets through which the royal party passed. A triumphal arch was erected and many buildings were tastefully and profusely decorated. Business at the Stock Exchange and Royal Exchange, which are nearly on the line of route taken, was neglected for a time. The residents of the "East End" of London are observing the day as a complete holiday. Late Knokand advices state that the would-be Khan, Fulat Bey, having fled to the Altai Mountains to incite the tribes to rise against Russia, has been captured and handed over to the authorities. The *Pall Mall Gazette's* Paris special says that Dufaure insists that the Cabinet be formed exclusively from the party of the Left. There will be no presidential message when the Assembly meets to-morrow.

New York, March 7.—The municipal elections in Main yesterday nearly all resulted in victories for the Republicans. Both Portland and Rockland were redeemed. The gains in other cities were considerably over the vote of last spring. The *Times'* Washington despatch says that President Grant requested Gen. Schenck to resign the English mission, in compliance with a demand made by the British Government for his immediate recall. The Home for Aged Men, in Williamsburg, N. Y., was partially burned at 4 a. m., and thirty persons are believed to have perished. Last night a freight train and one passenger car, on a branch of the Baltimore and Ohio Railroad, broke through a bridge, and eleven persons were killed and seven wounded. Gold 114⅞ and 114 5-8

Toronto, March 8.—Many streams throughout the Province are swollen from the effects of the present mild weather, and some damage has been done to bridges, etc.

London, March 8.—The *Standard's* Vienna despatch says that horrible accounts of Turkish cruelties continue to arrive from Bosnia. Twelve hundred Turks attacked the Christian inhabitants of the town of Crupa last Sunday, murdering many and plundering the town. At the request of Lord Derby, the suit of the Emma Mine Company against ex-Minister Schenck has been withdrawn. King Alfonso, on his forthcoming triumphal entry into Madrid, will be escorted by 20,000 soldiers who participated in the overthrow of the Carlists. The *Ruski Mir* calls attention to the alarming enlargement of the fortresses and the construction of strategical railways on the eastern frontier of Prussia. The *News* says the appointment of Richard H. Dana, jr., as American Minister to St. James, is one of the most acceptable that could be suggested. It revives the old tradition of honoring men of letters with important positions. Mr. Dana will be welcome here on many accounts. The appointment seems to indicate a return to a healthier sense of public duty in the distribution of posts.

Washington, March 8.—Ex-Secretary Belknap is still under police surveillance at his residence. The articles of impeachment have not yet been acted on in Congress, and the Grand Jury are not ready to report in the criminal case. Judge Alonzo B. Taft, of Ohio, has been appointed Secretary of War, vice Belknap, resigned, and accepts the position.

New York, March 8.—William Mitchell, of Troy, N. Y., was drowned yesterday, together with two lads named John Savage and Bertie Dixon, whom he was trying to rescue. Gold 114 3-8.

Montreal, June 12, 1873.

Messrs. T. Graham & Son.

I had for twenty years been subject to frequent and severe attacks of *Rheumatism* which had so prostrated me that it was only with the assistance of the crutch and a cane that I could leave my chair or move about my room.

Of the many remedies I had used and means I had tried, nothing done me any permanent good until nearly two years ago, when a friend brought me a bottle of your Pain Eradicator, and at her request I gave it a trial, although without any confidence in it or hopes of a cure.

The result of its use has been most satisfactory, it has freed me of rheumatic pains, and, although the cartillages of many of my joints have been greatly enlarged, I can easily walk five or six miles without using a cane, a result that has astonished my acquaintances, and a knowledge of which has induced many others to try it, and all that have used it speak highly of it.

I can confidently recommend it, and willingly satisfy any one of the facts of this case by calling upon me, No. 92½, Craig street, Montreal.

TRUTH FOR DYSPEPTICS.

Whoever says that Dyspepsia is incurable say what is not true. Hundreds of agravated cases have been cured by WILSON'S TONIC and SARSAPARILLIAN ELIXIR. In certain seasons of the year the appetite is sometimes too vigorous for the comfort and safety of the stomach, and indigestion is most prevalent and most distressing. The first thing now to be done is to restore the tone of the stomach. There is no remedy so effectual to accomplish this object as the ELIXIR. The Tonic powers of the remedy render it particularly appropriate at this stage of Dyspepsia. Its tonic and invigorating effects are immediately perceived, and the patient rallys under its influence. The ELIXIR also acts as a gentle laxative if taken in somewhat larger doses, rousing the liver from its torpidity, and enabling it to secrete a sufficient quantity of healthy bile, to keep up a regular motion of the bowels. The ELIXIR produces in the first instance a sense of warmth with a gently stimulating effect upon the stomach, while at the same time, it cleanses and imparts tone and energy to it, without causing that subsequent debility which usually follows other preparations.

This Company having been established solely for the purpose of Insuring Farm Buildings, with their contents, in the country, and detached Residences in Cities, Towns, and Villages, the attention of Insurers is directed to the following:—

It is managed by Directors, all personally interested in its prudent management. The high character and respectability of these gentlemen, many of whom are known throughout the Dominion, is ample security that nothing dishonorable will ever be allowed to tarnish the Company's reputation.

This Company will insure only Dwellings, Barns, School Houses, Churches, Convents, Public and Municipal Buildings, with their contents; and as these risks must be detached, it cannot by any possibility, in case of a general conflagration, sustain such losses as have befallen Companies doing general business in Chicago, Boston, and other places.

It will not insure Mills, Hotels, Factories, Stores, Shops, Storehouses, or Lumber Yards, nor any Dwelling within fire range of same.

It will pay for loss and damage by Lightning.

It will pay for Horses and Cattle killed on owner's grounds by Lightning.

It is purely a Dominion Institution, and as such, asks the support of the public.

It will pay its losses promptly.

It has $50,000 cash deposited with the Dominion Government to protect its policy-holders.

Its rates will be found reasonable on application at any of its Agencies.

RELIABLE INSURANCE FOR FARMERS.

The Isolated Risk Fire Insurance Company has a large capital, and has made an ample deposit at Ottawa. The Premier of Canada, the Hon. Alexander Mackenzie, is President of it, and its affairs are very carefully managed. It only takes isolated risks, but these it pays promptly. It has disbursed upwards of $7,000 to the farmers of this Province, since the 1st of January, 1875. Originally, W. C. Perley, Esq., was general agent, and he took good care that all just claims were paid. The same policy is pursued by his successor, Mr. A. D. Vanwart, of St. John.
