A Card of Thanks! 22 I RESPECTFULLY thank those friends whe kindly assisted in saving a portion of my goods at the late disastrous fire. And although I was among the number of unfortunates at the fire in 1860, the patronage and favors I have received from my friends and the pr I have received from my friends and the public ever since that time encourages me once more to try, to the best of my ability, to suit the public, as a Tailor and Cutter. I leave it with my patrons to say whether my work praises are.

For the present, my place of business is in one of the well known shops of Mr. James McCann, where I hope to receive a portion of the public patronage. The Cloth and Clothing, saved from the fire, will be sold at cost for cash.
