FOR THE CARLETON SENTINEL.

MR. EDITOR,-I have been much interested of late with your Editorials on our " Industries," and hope you will not forget the agricultural interests, which are the foundation of our wealth. The importance of an inproduce is our only hope of additional manufactories, and the future prosperity of those at present established.

That the business of Agriculture, which is greater in importance than any other interest, and the station of the farmer, have been hitherto so much neglected by those maintaining the higher walks of life, and by the inhabitants generally, as to have deterred in a great degree the young men of the country MR. J. D. DICKINSON'S STEAM TANfrom choosing it as an occupation of life cannot he denied

cause there is not room for so many. A few hundred farmers in middling circumstances cannot afford to pay so many concern. The land occupied is 250x100 feet. mercantile concerns for selling and sending

away their surplus produce, and supplying The amount of capital invested in pointless, because there is a duty of them with dry goods, groceries, seed and building, machinery, stock, land, &c.,  $17\frac{1}{2}$  per cent. on printing paper, and building, machinery, stock, land, &c., we should like to know how farmers \$16,000. Number of hands employed, we should like to know how farmers tools in return. In short, the machinery of trade is too com-plicated, cumbrous, costly. It should be 10. lar monthly, is already to hand. It is full to running over with good things. Among the es-pecially noticeable articles, all beautifully illus-trated, are "Jael Sigurd's Christmas Eve;" "Fox-hunting in New England;" "Dr. Schli-emaun at Mysence;" "Roxy;" "The Last Token;" "Birds and Birds;" "Under the Cedarcroft Chestnut." There are many other articles of a deeply interesting character contain-ed within the present number that we have not space to enumerate. We can furnish advance paying subscribers with Scribner's Monthly and
