2 DOM-
ESTIC WEAVERS!

Your Spinning is Done.

NOW is the time to examine the Self-Acting
Factory of SMALL & FISHER. Having secured
the services of S. H. POWERS, the Patentee,
who will personally attend to the manufacturing
and sales, and instruct new beginners free of
expense.

Since the purchase of the territory, Mr. Pow-
ers has travelled over the Dominion of Canada,
and to meet the requirements of the Scotch,
French, German and English Weavers, has very
much improved the Loom, adding expense, but
they will be sold at former prices.

These Looms are sold by the Canada Hand
Loom Company, in Ontario, for \$50. The man-
ager of that Company says it is the best Hand
Loom made. We defy any old weaver to make
as good cloth as was made by George Wilson's
Loom, near the Red Bridge. Mrs. Fricton
says it works splendidly.

Wanted, 100 freely given testimonials, should
the Looms be sold. We want to know which I have
used in Scotland and in Canada for a period of
sixty-one years.

Certified by me at Alexandria, this 28th day
of March, 1877.

ISAAC V. CHESTNUT.

September 19, 1877-21-38

READ THE FOLLOWING LETTER.

To S. H. Powers:
The Loom you sent me by L. W. Johnston,
Agent for Cassin Bros., is received. Made a
set of Hosiery and put on the machine and
way. I have no hesitation in recommending
the Loom to those who would wish to make their
own home work. It is so easily and so quickly
operated and so good cloth can be made
as well as the old style Loom which I have
used in Scotland and in Canada for a period of
sixty-one years.

Certified by me at Alexandria, this 28th day
of March, 1877.

Woodstock, September 14, 1877

TO THE FARMERS OF

ARROSTOOK COUNTY

AND THE
Province of New Brunswick.

Blake's New Flour Mill,

BUILT by Mr. JOSEPH E. BLAKE, of Gardiner,
(one of the best mill-wrights in the State)
situated on the east side of the Meduxnekeag
Creek in Houlton Village, on site of the Kellar
Saw-Mill, will be ready to receive Grain Monday
October 1.

I have two Wheat Mills with first-class Bu-
llets and modern improvements, one Buckwheat Mill
and Bolt, and one Corn Mill.

The Mills were manufactured by Holmes &
Blanchard of Boston, from old quarry Burr
firms, from the best imported bolting cloths. They
guarantee as good a Flour Mill for Grinding as
there is in New England or the West.

A No. 1 Bureka Stunt Mill and Cleaner will
be used to clean Wheat. I expect to grind more
bushels per hour than is ground in this section of
the State, thereby saving much valuable time and
expense to my patrons, in waiting for their grain.

I have secured the services of Mr. R. H. LANDREY
of Mars Hill, a faithful and competent miller, to
take charge of the mill.

Having built this mill at great expense, sparing
neither time nor money necessary to make a first-
class mill for grinding, I respectfully ask the pa-
tronage of all persons having grain of any kind to
grind. If my mill is patronized, as I have good
reason to believe it will be (it being the best mill
in the country), I intend putting in next year ap-
paratus for kind-dry grain, making out, corn and
other kind-dry meal. I have plenty of water for
grinding every day in the year. Please bring in
your grain.

My motto is: "Equal and Exact justice to all."
E. C. BLAKE.
