HARPER'S MAGAZINE.

Notices of the Press.

The veteran *Magazine*, which long ago outgrew its original title of the *New Monthly Magazine*, has not in the least abated the popularity it won at the outset, but has added to it in many ways, and has kept fairly abreast of the times, thanks to the enterprise of the publishers and the tact and wisdom of its editors. For whatever is best and most readable in the literature of travel, discovery, and fiction, the average reader of to-day looks to *Harper's Magazine*, just as expectantly as did the reader of a quarter of a century ago; there is the same admirable variety of contents and the same freshness and suggestiveness in its editorial departments now as then.—*Boston Journal.*
