MR. EDITOR, -- On Tuesday afternoon, 5th themselves to the fullest extent. The grounds had been nicely prepared by the Rev. J. G. Harvey, assisted by others interested in the success of the picnic, and the location chosen could not very well be bettered.

The first tables set were surrounded by one hundred and ten children, after which your correspondent lost the reckoning, in amazement, as to where all the children came from. By the kindness of the ladies of Centreville and vicinity an abundance of the choicest kind of seasonable delicacies was provided for all in attendance, and we heard of but one solitary instance in which voracious appetite was not thoroughly appeased right on the

That in this Province to-day we are not in the same position, is the result of misfortune rather than good fortune. Our necessities for labor are great, beresult of much labor in the past swept away by fire, but probably before the winter passes away we in New Brunswick will better know how to sympathize with those countries who have to lament laborers in excess of the work to be done.
