about eight years ago when I had been laboring about eighteen months under the disrese of a very lame knee, the result of a severe fall. I had previously tried most all the popular remedies under the head of " Pain Killer," etc., to no effect. Your one bottle cured me permanently, and I always praise the bridge that carries me safely over.

Yours, with gratitude, GEORGE GARRATY, Pastor Christian Church, Duke Street.

DISEASE OF THE LIVER. The liver is much more frequently the seat of disease than is generally supposed. The functions it is designed to perform and in the regular execution of which depends not only the general health of the body, but the powers of the Stomach, bowels, brain, and the whole nervous system, shows its vast and genuine article. A fact which our numerous vital importance to human health. When customers appreciate. the liver is seriously diseased, it in fact not only deranges the vital functions of the body. but exercises a powerful influence over the mind and its operations, which cannot be easily described. It has so close a connection with other diseases, and manifests itself by so great a variety of symptoms of a most doubtful character, that it misleads more Physicians, even of great eminence, than any other vital organ. The intimate connection which exists between the Liver and the Brain, and the great dominion we are persuaded it exercises over the passions of mankind, convinces us that many unfortunate beings have committed acts of deep and criminal atrocity, or become what is termed Hypochondriacs from the simple fact of a diseased state of the Liver. We have long been convinced that more than one-half of the complaints which occur in this country, are to be considered as having their seat in a diseased state of the Liver. We will enumerate some of them : Indigestion, stoppage of the Menses, Deranged State of the Bowels, Irritable and Vindictive Feelings and Pascions from triffing and inadequate causes, of which we afterwards feel ashamed; last though not least, more than three-fourths of the diseases, enumerated under the head of Consumption, have their seat in a diseased Liver. This is truly a frightful catalogue. WILSON'S TONIC and SARSAPARIL-LIAN ELIXIR as a remedy for Liver and Bilious Complaints has no equal. The great success which has attended its use will conwince the most incredulous. It has been the proprietor's wish that this Elixir should be In connection with the a fairly and fully tested, and that the result Special Bargains, a lot of has been in every respect favorable, numbers of witnesses can testify.
