Jones & McLauchlan

TAKE great pleasure in informing their customers and the public generally, that their

Swedish Kid Gloves,

so long looked for, have at last arrived. The stock embraces

Ladies' and Gents' GLOVES

of every shade and size, in one and two buttons.

These Gloves having been manufactured expressly for them, and being imported direct from the manufacturers, can be put in the market, Wholesale and Retail, at a lower price than Gloves of equally as good quality have been sold for heretofore.

They would also call particular attention to a peculiarity of sewing these Gloves have, which no other Glove possesses, thus preventing any possibility of ripping.

Woodstock, October 12, 1877—41

Fruit Trees!

WE offer for spring planting the finest stock of TREES ever found in this market; large, straight, healthy, and carefully pruned, fit for the orchard.

Apples at reasonable prices, from 5 to 7 feet high; none less than 5 feet high offered for sale.

Mooer's Arctic Plum.

The only PLUM of fine quality yet found hardy enough to stand our winters without protection; it bears at a very early age, and is astonishingly productive. Immense crops are raised 70 miles N. W. of Woodstock, on the highlands of Aroostook, where it originated.

Many of our trees have borne the same season of planting. Hundreds of them were this year burthened to the ground with ripe plums, within 15 months of planting.

We have tried them on all soils, for 3 years, and they have borne every year.

We recommend John Kellogg to the favor of the public as our agent, taking orders for this County.
