## Communicated.

FOR THE CARLETON SENTINEL. Mr. EDITOR,-For two consecutive years I have had an opportunity of attending the annual examinations of the public schools of this city, and on those occasions I have participated in the exercises of almost all the grades, from the primary to the Grammar Q be Garleton Sentinel School, and have been much pleased with what I have seen. I have had facilities for observing the schools in many parts of Nova Scotia and in different parts of New Brunswick, and I can say that those of our town will compare favorably with any of them .- directly opposite Post Office, up stairs. The College Building is admirably adapted all ought to be within it, except those neces-

schools. But, I think uniformity, not only months free. in the mode of imparting instruction according to the most approved rules, but also in the mode of conducting the exercises of the school should be aimed at, so that the habits indebted to this office by note of hand, sales where he kept his revolver, and, seizing evident. A rathe is stated as being school should be aimed at, so that the habits indebted to this office by note of hand, the weapon, sent a bullet through his assailof precision, regularity and attention culti- and whose notes are long over due, ant's brain, killing him instantly.
