A CLOUD OF WITNESSES.

For nearly a quarter of a century Dr. Sage's Catarrh Remedy has been acknowledged by the people as a positive cure for all catarrhal affections. Its great popularity with physicians and patients, together with its constantly increasing sale, attests, in arguments stronger than words, its healing power. If there be general or nervous debility and impoverished blood, Dr. Pierce's Golden Medical Discovery should be used in connection with the Catarrh Remedy. TO THE PUBLIC!—READ WHAT THE PEOPLE SAY IN REGARD TO THE GREAT SHOSHONEES REMEDY & PILLS.—LEVI JONES, Markham, says—"I had a very severe attack of bronchitis. I was so bad that I could hardly get my breath. I sought for a quick remedy, and seeing the "Shoshonees Remedy" so highly recommended, I procured a bottle, and am happy to say, that by the time it was taken, I was entirely well and have remained so although I was much exposed through the winter in travelling.

REV. F. B. STRATTON, Demorestville, writes—"I have found your remedies particularly beneficial for liver complaint, dyspepsia and bronchial affections, and would advise all similarly affected to give them a trial."

JOHN FINLAYSON, Athol, says—"When travelling one of my feet got sore and broke out. I could not cure it and had to return home. It became better and afterwards much worse. I finally purchased a bottle of the "Remedy" and a box of "Pills," and before they were half gone I commenced to improve, and before they were finished my foot was completely cured. It is now 17 months since, but have had no further attack." Price of the Remedy in pint bottles $1; Pills 25 cents a box.

Extracts from a letter from C. H. S. Cronkhite, Esq.:—

CANTERBURY STATION, York Co., N. B., Oct. 10th, 1876.

MR. J. H. ROBINSON,—

Dear sir:—In reply to your letter of enquiry, I would say that your Phosphorized Emulsion of Cod Liver Oil with Lacto Phosphate of Lime, is the best preparation of the kind I have ever seen or taken.

I was ordered by my physician to take it, and commenced about the last of August, and since that time I have felt like a different man, and also look differently, and all for the better, as my doctor can testify.

I was unable in the summer to walk any distance without much fatigue. I can now take my gun and travel all day, and feel first-rate at night and eat as much as any lumberman.—Have not bled any since I took your preparation, and can inflate my lungs without feeling any soreness, and I think I can inflate them up to full measurement same as before I was sick. I have also gained in flesh; my weight in the summer was 173 lbs., and now it is nearly 190 lbs., which is pretty well up to my former weight.

The foregoing is a correct statement, which I am prepared to swear to, and I hereby authorize you to give it publicity in my name.

I am, dear sir, yours truly,
(Signed) C. H. S. CRONKHITE.

We, the undersigned, hereby consent to have our names published as witnesses to the effects of Robinsan's Phosphorized Emulsion on the person of Mr. Cronkhite, and do assert that the foregoing statement is correct in every particular.

(Signed) ALEXANDER BENNET, J. P.
WILLIAM MAIN,
REV. THOMAS HARTIN.

Robinson's Phosphorized Emulsion of Cod Liver Oil, with Lacto-Phosphate of Lime is for sale by druggists and general dealers.

Price $1.00 per bottle; six bottles for $5.00. Prepared by J. H. Robinson, Pharmaceutical chemist, St. John, N. B.—4i-13

Telegraphic News.

LONDON, April 2.—A St. Petersburg correspondent says Austrian views are so exorbitant that the Russian Chancellor, to prevent an offensive alliance between Austria and England, will make another attempt to come to terms with England. It is stated from Vienna and St. Petersburg on unusually good authority that Russia is irritated by a rebuff from France. The latter being approached for separate recognition of the treaty of San Stefano replied that she would not participate in a combination against England. It is reported that Russia had offered to cancel the money indemnity and increase Turkish power over new Bulgaria, as a reward for an alliance, but these offers have not led to any result.

ATHENS, April 2.—The following appointments are officially confirmed:—Marquis of Salisbury, Secretary of State for Foreign Department; Rt. Hon. Galthorne Hardy, Secretary for India; Col. Hon. Frederick A. Stanley, Secretary for War; Sir Henry J. Selwin—Ibbetson, Financial Secretary of the Treasury, Vice Stanley.

LONDON, April 2.—A despatch from St. Petersburg says the circular sent to the powers by the Marquis of Salisbury, defining England's position, has caused an increased irritation in the Russian Government circles, and the Russian imperial staff are ordered to prepare for war with England. It is learned that the Russians offered large concessions to the Sultan for a Turkish alliance. The *Times'* leading editorial says, "The Government conviction that terms extorted from Turkey are inconsistent, alike with interests of England and Europe, will be sustained by public opinion of country."

MONTREAL, April 2.—Demand for horses for England of particular class is increasing. Several carloads of 18 to 20 each are being taken over Grand Trunk Railway daily, destined for Europe; they are intended for military service, and are branded with the letter "S." Large shipments of cattle are also being forwarded from the Lower Provinces, and the country east and west is being searched for horses for war purposes.

LONDON, April 2.—The *Semi-official Eastern Budget* prints the following special despatch:

"VIENNA, April 2.—General Ignatieff was informed by this Government that it requires certain alterations made in peace preliminaries and such alterations must be made with the concurrence of other powers. There is no prospect therefore of England being isolated, and action of the Vienna Cabinet is calculated to promote interests of peace." The Earl of Leitrim was found in a ditch. The left side of his head was battered in. It is thought that he was also shot in the head, but the fatal shot was through the heart. His left arm was broken, and the right completely shattered. The driver and clerk were shot in the head. The ground where the murder was committed showed traces of a hard struggle. A fowling-piece and part of another gun were found near the spot. Three or four men were seen lurking in the neighborhood before the murder.

LONDON, April 3.—The Archbishop of Canterbury ordered special prayers in consequence of the public anxiety. The Russian Embassy has made the following demands which may be regarded as an ultimatum: the abandonment to the Russians of the fortifications on both sides of the upper Bosphorus, and Gallipoli and Boulair on the Dardanelles; the Turks also to evacuate Mackrikeni and Maslak, and place some barracks and hospitals at the disposal of the Russians. The Grand Duke Nicholas will urge these demands upon Reouf Pasha, and they will be submitted to the council. It is said that the Sulton and Vefyk Pasha will oppose them.

CONSTANTINOPLE, Feb. 3.—The Russians are occupying the heights of Buyukdere. It is rumored that Mr. Layard is endeavoring to negotiate an Anglo-Turkish alliance.

LONDON, April 3.—It is reported that the English fleet is about to enter the Bosphorus, to counteract any designs of the Russians towards the occupation of Turkey's strongholds.

VIENNA, April 3.—Despatches from St. Petersburg report great excitement over the news of the probable alliance between England and Turkey, and everything has assumed a most warlike aspect. It is redorted that the Russians are rapidly advancing on Gallipoli, and it is believed this movement is for the purpose of placing an army in position to seize, if necessery, strategical points in the vicinity of the Turkish capital.

LONDON, April 4.—The *Times* has the following from Berlin: "We learn from St. Petersburg that the direction of Foreign Affairs practically passed into the hands of Gen. Ignatief. Russia continues to purchase large quantities of war material. Lord Salisbury's note put an end to the plan for the renewal of the Congress scheme which Russia momentarily considered." The *Times'* editorial says the news of the Earl of Leitrim has struck this country with as much pain and amazement as an unprovoked declaration of war. Two men named McTaggart and Riel were arrested on board the steamer going from Rathmullen to Londonderry, on suspicion of complicity in the murder of Lord Leitrim.

MR. P. N. YOUNG, writing from Zanesville, Ohio, says: "I have kept Graham's Pain Eradicator on hand for the past seven years, and we could not think of keeping house without it. It has done great work here, and it is the unanimous opinion of those who have used it that it is the best family medicine in use.

MOUNT VERNON, Westchester Co., March 22, 1876.

DOCTOR GILES—MY DEAR SIR:—During the recent cold weather, on coming from my house to the court-room, my foot slipped and I fell heavily, striking my back against a large stone. Was lifted and carried to the house. My wife applied your Liniment all over my spine. The pain and discoloration disappeared, and next day was able to resume my duty on the bench.—I am, very truly,

ROBERT W. EDMONDS,
Justice of the Peace.

CLEANSE THE BLOOD.

With corrupt, disordered or vitiated blood, you are sick all over. It may burst out in pimples or sores, or in some active disease, or it may merely keep you listless, depressed, and good for nothing. But you cannot have good health while your blood is impure—WILSON'S TONIC and SARSAPARILLIAN ELIXIR purges out these infirmities and stimulates the organs of life into vigorous action, restoring health and expelling disease. Hence it rapidly cures a variety of complaints which are caused by impurity of the blood. Try WILSON'S TONIC and SARSAPARILLIAN ELIXIR, and see for yourself the surprising activity with which it cleanses the blood and cures disease resulting from impure blood. It regulates all the secretions, leaving the system in an invigorated natural condition. We can assure the invalid we offer him the best Sarsaparillian extract known, and we believe the best blood purifier yet discovered.
