3. The Teacher shall assign a fixed numerical value to the above standard (say 5 or 10) for each half-day (or for each day) to be available in respect of those puplis only who are present; and the Teacher shall according to his best judgment determine and record at the time what abatement is to be made for any half-day (or day) from this standard figure on account of tardiness, improper conduct, want of application or imperfect scholarship. At the close of the calendar methods and the first chall make control in the School the Teacher shall make entry in the School Register (page 6 or 10) of the sum of the standard figures (or parts of them) retained for the month by each pupil, and the aggregate of these monthly entries shall be regarded as the pupil's School Standing for the Term.

4. At the close of the term the Teacher shall present a written report, under his signature, to the Secretary of the Board of Trustees, stating (1) the names, with the School Standing for the Term annexed to each, of the pupils having first second and third positions; and (2) the name of any pupil who, while a member of the school or department, was unavoidably absent, and whose department, was unavoidably absent, and whose actual average daily standing being allowed for such days of absence, not exceeding five in any case, would make his school standing for the Term equal to that of a pupil whose name shall have been reported in the foregoing statement (1).
