TO THE EDITORS "SENTINEL." FREE TRADE VERSUS PROTECTION

Sirs,-It is a common plea with those demanding trade and Industrial protection, that the Free Trade Policy adopted in Great Brimeasures that will be to the best interests of tain is likely to come to an end, because the United States especially has driven her manufactures from their markets; also are competing hardly with her in her own markets, as well as in many of her best Foreign mar-

First, let us deal with the stated indication of a change of base in the fiscal policy of Great Britain. Has the press indicated it? the answer must be distinctly no. Is there a society or political organization making such the electors generally an opportunity to ex- Tucsday in May the County Convention is Is it a platform subject by any important political aspirants? No. Are any of the

Land of the country, also the Religion. The Conservative party of to-day are Free Traders as regards "Traders as regards "Traders as regards "Traders as regards they are no longer selfish protectionists. The present longer selfish protectionists. The present longer selfish protectionists. The common with other present longer selfish protectionists. The present longer selfish protectionists are party of to-day are Free are presentative, I, in common with other year old little child in her arms, threw herself into the Sentinel have been so often expression of the County, should like to have a longer selfish protectionists. The present longer selfish protectionists are presentative, I, in common with other year old little child in her arms, threw herself into the Sentinel have been so often expression. The farmers are getting their crapidly; fields of fall wheat and grader selfish protectionists. The Consolidated law only contains the local and private Acts.

The Consolidated law only contains the rapidly; fields of fall wheat and grader selfish protectionists. Premier, a conservative of the bluest hue, the Dominion Parliament. with his Government, removed the last shred of the obnoxious corn duty.

Do the centres of the great industries which have made your land great and gloriwhich have made your land great and gloriman. In his letter to that Journal dated

This gentleman, a short time ago, completely refuted some talse statistics sent by the United States consul of Sheffield, to his Government, in the interest of the policy of Protection. The Consul tried to prove that Sheffield would be ruined unless a protective of the County of Carleton, it would appear, according to the Freeman's correspondent, that we are all asleep in this County. Is it that we are all asleep in this County. Is it though for many years, more especially since though for many years, more especially since they determine the constitution of our teets. The consultrict of the policy of Protection in the constitution of our that the columns of the Sentinel some "spirited though for many years, more especially since they determine the columns of the Sentinel some "spirited though for many years, more especially since they determine the columns of the Sentinel some "spirited though for many years, more especially since they determine the columns of the Sentinel some "spirited though for many years, more especially since they determine the columns of the Sentinel some "spirited though for many years, more especially since they determine the columns of the Sentinel some "spirited though for many years, more especially since they determine the columns of the Sentinel some "spirited though for many years, more especially since they determine the columns of the Sentinel some "spirited though for many years, more especially since they determine the columns of the Sentinel some "spirited though for many years, more especially since they determine the columns of the columns of the Sentinel some "spirited though for many years, more especially since they determine the columns of the columns of the columns of the Sentinel some "spirited though for many years, more especially since they determine the columns of the col Sheffield would be ruined unless a protective policy was adopted. Mr. Mundella made short work of his theories and figures, and scouted protection. The New York Evening Port ably endersed Mr. Mundella's position.

The Constitute of port and that to protective that we are all asleep in this County. Is it Legislature in the way now proposed desirpolicy was adopted. Mr. Mundella made period of our country's history, that this school shows 59 names; able, it is strange that so little has been done brilliant star—this wonderful "freak of nature," should appear, to rouse us from this opinions so expressed.

The register of this school shows 59 names; able, it is strange that so little has been done in the way of giving practical effect to the period of our country's history, that this able, it is strange that so little has been done in the way of giving practical effect to the period of our country's hounderful "freak of nature," should appear, to rouse us from this country. Is it Legislature in the way now proposed desirpolicy and the period of our country's history, that this able, it is strange that so little has been done in the way of giving practical effect to the period of our country's history, that this able, it is strange that so little has been done in the way of giving practical effect to the period of our country's history, that this country is able, it is strange that so little has been done and the period of our country is history, that this able, it is strange that so little has been done and the period of our country is history, that this able, it is strange that so little has been done and the period of our country is history.

The register of this school shows 59 names; the period of our country is history, that this able, it is strange that so little has been done and the period of our country is history, that this able, it is strange that so little has been done and the period of our country is history.
