GEORGE McDONALD. Jacksonville, Carleton Co., July 8, 1878-tf-28

This Discovery s the result of a series of Scientific Experiments based upon the theory that "for the successful cure of Wasting Diseases, the nervous system must be made vigorous and healthy."

One of the first symptoms of disease affecting either the Liver, Lungs, Heart, Stomach, or Genital Organs is a loss of nervous power. This is followed by muscular relaxation, weakness, and emaciation of all the organs which depend for health on involuntary muscular action, the weaker suffering first. Now, as the muscles and nerves depend so much upon each other for efficient strength and action and as the organs they control depend on both, it becomes an actual necessity to treat the nerves

and muscles directly, in order to speedily and permanently cure diseases of the above named organs.

The inventor, acting upon these ideas, after months of experience, during which time he had ample opportunity for trying the effect of his discovery, became convinced that no other predictions of the prediction of the p paration known contained so potent and direct an effect upon the nervous system as his Compound Syrup of Hypo-

phosphites and except in cases of actual organic loss, that it would restore patients suffering from those Amongst the diseases overcome by the use of this remedy are the following:-Chronic Constipation, Chronic Dyspepsia,

Asthma, Chronic Bronchitis, Consumption, Chronic Diarrhoea, Chronic Laryngitis,

Melancholy. Nervous Debility. FELLOWS' Compound Syrup of Hypophosphites. The power of arresting diseases displayed by this preparation is honorably acknowledged by

the medical faculty in every section where it has been introduced; and the large sale is the best guarantee of the estimation in which it is held This Syrup will cure Pulmonary Consumption in the first and second stages, will give great relief and prolong life in the third. It will cure Aethma, Bronchitis, Laryngitis, and Coughs. It will cure all diseases originating from want of muscular Action and Nervous force. Do not be deceived by remedies bearing a similar name, no other preparation is a substitute for this under any circumstances. Look out for the name and address J. I. FEL-LOWS', St. John, N. FACTS ARE STUBBORN THISES In the mysterious power of Magnetism w

fects of this wonderful power. An efficient and convenient mode of applica-tion has long been desired, and has at length been occomplished. It has long been known to scientists that Magnetism is stored up in many vegetable oils, and, by knowing how to combine them, a medicine may be made which, by using internally and externally, deficient Magnetism may be restored to the system. This has been done in the great Medical Schools of Paris, and given to the world under the name of French Magnetic Oil. Magnetic Oil.
