A FEW CONSOLING WORDS TO THE WEAK Mere lack of bodily strength is not in itself a disease, but simply a disability. In either case WILSON'S SARSAPARILLIAN and TONIC ELIXIR may be safely guaranteed to cure it.— Every day, and in every locality, invalids may be met with who complain of nothing but weak-ness. They have no pain, but they are incap-able of much exertion. A short walk fatigues them; a long one breaks them down. This sort of feebleness is one of the characteristics of dyspepsia and billiousness, but it is no less true that it frequently exists independently of any specific disorder and when all the internal organs appear to be performing their functions with tolerable 8th, 9th, 10th and 11th October next. of feebleness is one of the characteristics of dysregularity. It is really painful to see human beings moving along with slow, unsteady steps, and evidently almost destitute of muscular power and nervous energy, who might just as well be treading the earth firmly and fulfilling their daily duties without suffering from exhaustion. Are they aware that this Elixir will put new life into hem?—Have they ever seen the effect of it upon the weak and enervated? It seems marvellous that for want of this powerful invigorator, sufferers should complain that they can obtain no relief. Ordinary medicines, may have failed, common bitters may have failed, but this, let the feeble be assured, will not fail.

An efficient and convenient mode of application has long been desired, and has at length been occomplished. It has long been known to Scientists that Magnetism is stored up in many vegetable oils, and, by knowing how to combine them, a medicine may be made which, by using internally and externally, deficient Magnetism may be restored to the system. This has been done in the great Medical Schools of Paris, and given to the world under the name of French Magnetic Oil. Magnetic Oil.
The moment this Great Remedy is applied externally or taken internally, the most excruciate Pain cannot exist where it is used.

Pain cannot exist where it is used.

It is the only article that restores the life-giving principle, Magnetism, to the sufferer, thereby increasing the vital power and electrifying the nervous system, sending the blood coursing and bounding through the veins, and withdrawing and allaying in a few moments all pains and spasms, from whatever cause.

Headache, Toothache, Stomach-Ache, and all kinds of aches are stopped in a few minutes.

Neuralgia, Tic-Douloureux, that have resisted all other remedies, must retire under the use of the French Magnetic Oll.. Rheumatism, Lumbago, Lame Back, Stiff Neck, Sprains, in all these cases relief is sure to follow its use, while Inflammation of the Bowels and Colic, Dysentery, are relieved at once. This any one seized with pain will be compelled to acknowledge who gives it but one trial.
