New York, Oct. 2.—The favorable news of yesterday from Memphis and New Orleans have been discipated by the intelligence of this morning. The continued warm weather has increased in the continued warm weather has increased ance of the same, I am respectfully yours, the death rate at both places. There were fifty fatal cases in the former city yesterday and sev-enty-one in the latter. A FLYING FOUR-FOOTER.—Somewhere down in the wilds of Jersey—if Jersey has any wilds these present Centennial days—one McDaniels dwells, in all the patriarchal comfort and dignity which attach to the English Lord of the Manor. He has a park, a stately mansion, groves of timber, and above all, the most famous racing stables in free America. These royal establishments contain Steamer will go to Rothesay on Monday Octosome of the finest and fleetest horses in the world. ber 7th to meet the train. Among them is Harry Basset, a monarch of the turf, who some time ago met with an accident to all Railways and Steamboats during the week at one of his slender and priceless limbs. Without wasting a moment in doubtful experiments, Mr. McDaniels applied some of Giles' Liniment Iodide Ammonia, and in half a day the horse was as sound as the proverbial silver dollar. 120 West Broadway, N. Y. Trial size 25 cents. PAIN IN THE BACK,

And all diseases of the Kidney and Bladder. The disease commonly called back-ache, and THOMASINK. to which WILSON'S TONIC and SARSAPARIL-LIAN ELIXIR is particularly applicable, is found to exist in the aged and infirm, the laborious and sedentery, is caused by obstructions or chronic inflammation of the kidney, ureter, bladder, &c and is known by a deep seated pain in the small of the back, sometimes extending round the loins to the abdomen, or a dull, heavy or numbing pain, extending from the back down to the lower extremity of the right abdomen, to the inner part of the thigh. Great difficulty is experienced in voiding the urine and many persons enced in voiding the urine, and many persons afflicted with this troublesome complaint are unable to endure violent exercise, many, when stooping, have difficulty in assuming an erect position.—Persons suffering from these symptoms often mistake the disease for rheumatism, and apply the ordinary remedies, such as plasters, liniments, &c., but without obtaining any relief. This Elixir strikes at the root of such diseases, and by removing the inflammation, and stimu-lating the organs to a healthy action, the patient is relieved from all weakness and pain.

PRESCOTT, ONT., 24th of June, 1878.

MR. T. GRAHAM,—Dear Sir,—I have long desired to add my testimony to the many others you have regarding the efficacy of your Pain Eradicator, and have only been deterred from doing so long ere now by the difficulty of saying all that I have found it good for in the compass of a letter. I have used it in every kind of pain from a mosquito bite to the compass of a letter. I have used it in every kind of pain from a mosquito bite to severe inflammation, and have always found it to give immediate relief. On several occasions suffering from severe pain on the left side, which is almost chronic, and when I otherwise would have had to go to bed and submit to medical treatment, an application of your valuable remedy has made me fit for work in an hour's time. I take pleasure in recommending it when I see any one suffering, and hope for the sake of humanity that its use may be universal. I shall only be too happy to know that you make use of this too happy to know that you make use of this in any way you think best. DAIRY CHEESE now selling for
