Even in our own day, among justly celebrated physicians, there is evinced a want of appreciation in their practice of the great part which the NERVOUS or MAGNETIC FORCE plays in the daily nutrition and growth of our bodies, but more especially in the influence of Nervous Force over disease and its cure. It is not so in France. In the Great Medical Schools in Paris, from which this Magnetic Oil emanated,

THERE Medical Science is cultivated in investi-gating new facts and drawing useful deductions therefrom. One result is THE DISCOVERY OF THIS PREPARATION. Throughout France it has a standard reputation It is only new on this side of the Atlantic. From It is only new on this side of the Atlantic. From a knowledge of its virtues we claim for it a large share of the confidence of the public. We do it from knowing that what it promises to do, it does effectually. It knows no failure,—is the most speedy, safe and certain in its cures. The smallest particle of it is worth more than a dozen bottles of oils, which contain no Magnetism,—for, without Magnetism Death, for Magnetism is Life. It is composed of powerful vegetable oils, all combining MAGNETIC FORCE. It contains more than all the virtues of the best pretains more than all the virtues of the best pre-parations which have ever been invented, because it possesses the invaluable addition of the Magnetic Power, which is wonderfully developed by its use. There never existed a remedy so striking and immediate in its effects, so simple and safe to use. T. J. B. HARDING, ESQ.,
BROCKVILLE, ONT.
DEAR SIR,—It is now two years since your
"Constitutional Catarrh Remedy" was introduced to me. I have waited this long to see if the cure would remain permanent before doing this, my duty, to you, as at first the happy effects seemed to me to be "too good to be true."

I was afflicted in my head for years before I suspected it to be Catarrh. In reading in your Circular I saw my case described in many particulars. The inward "drop" from the head had become very disagreeable, and a choking sensation often preventing me from lying long, I would feel like smothering and be compelled to sit up in the bed. My health and spirits were seriously affected. When your Agent came to Walkertown in August, 1876, I secured three bottles. Before I had used a quarter of the contents of one bottle I found decided relief, and when I had used two bottles and a third, I quit taking it, feeling quite cured of that ailment, and have not used any since until of late I have taken some for a cold in my head.
