To the Electors of CARLETON COUNTY

I wish to state for the information of those that did not attend the nomination, why I retired from the political field. In consequence of coming forward so late, I found a large number of my friends had promised their natural number of my friends had promised their number of my friends had promised their number of my friends had promised their number of my friends had not attend the nomination, why I reof my friends had premised their votes and, al-though I was offered a very liberal support, I found my time so limited I could not visit much more than half the County and, consequently, would not have a chance to explain my political views as generally as might be desired, but I been out earlier my election would have been sure. But Gentlemen, I cannot forget the warm tokens of friendship and confidence you have reposed in me, by soliciting my services and offering me support, for which you have my warmest thanks, and should my life be spared, my received assurance from nearly all, that had I A large attendance is expected. Parks' Cotton Yarns! Bazaar and Awarded the Only Medal Given at the Centennial Exhibition

For Cotton Yath ! Canadian Manufacture. Nos. 5's to 10's. WHITE, BLUE, RED, ORANGE, AND GREEN. Made of Good American Cotton with great care Correctly numbered and Warranted Full Length and Weight.

W E would ask the purchasers of Cotton Warp to remember that our Yarn is spun on Throstle Frames, which make a stronger yarn than the Ring Frames, used in making American It is also better twisted and more carefully reeled; each hank being tied up in 7 leas of 120 yards each. This makes it much more easy to wind than when it is put up without leas—as the American is—and also saves a great deal of waste Those acquainted with weaving will understand the great advantage it is to them to use yarn

Made of No. 10 Yarn, 4-Ply Twisted White, Red, Brown, Slate, &c. Each 5 lb. bundle contains 10,000 yards in length and will make a length of Carpet in preportion to the number of ends in width. We have put more twist into this warp than i formerly had, and it will now make a more dura-
