Dr. Giles:—I paid one hundred dollars to veniterinary surgeon for medicine and attendance on a valuable saddle-horse, without any benefit. He was lame from a curb more than a year, and useless in consequence of it. No remedy I could find had any effect, I applied the Liniment Iodide Ammonia, and to my great surprise, found that it removed both lump and lameness. Having driven him recently over a very rough road, sixty miles recently over a very rough road, sixty miles in two days—two of the hottest days this summer—without the least symptom of return of curb or lameness. As a precaution I took a bottle of Liniment with me, but had no occasion to use it. In all cases where a Liniment can be applied, it gives me the greatest satisfaction.
