been occomplished. It has long been known to Scientists that Magnetism is stored up in many vegetable oils, and, by knowing how to combine them, a medicine may be made which, by using internally and externally, deficient Magnetism may be restored to the system. This has been done in the great Medical Schools of Paris, and given to the world under the name of French Magnetic Oil.

The moment this Great Remedy is applied externally or taken internally, the most excruciating pains cease to exist.

Pain cannot exist where it is used. It is the only article that restores the life-giving principle, Magnetism, to the sufferer, thereby increasing the vital power and electrifying the nervous system, sending the blood coursing and bounding through the veins, and withdrawing and allaying in a few moments all pains and spans from whatever cause and allaying in a few moments all pains and spasms, from whatever cause.

Headache, Toothache, Stomach-Ache, and all kinds of aches are stopped in a few minutes.

Neuralgia, Tic-Douloureux, that have resisted all other remedies. must retire under the use of the French Magnetic Oil.. Rheumatism, Lumbago, Lame Back, Stiff Neck, Sprains, in all these cases relief is sure to follow its use, while inflammation of the Bowels and Coile, Dysentery, are relieved at once. This any one seized with pain will be compelled to acknowledge who gives it but one trial.
