feared that none of the men have escaped. The bottom of the shaft is temporarily impassable. No attempt at rescue can be made yet owing to this Kinney.

strempt at rescue can be made yet owing to this fact. The relatives of those in the pit, many of whom are the only support of large families, are all night distracted, and crowds are gathered around the top of the shaft. The Times' Paris despatch confirms the report that Gen. Borel has resigned as Minister of War, and adds that his resignation will be accepted on Monday. This resigned as Minister of War, and adds that his resignation will be accepted on Monday. This involves the retirement of Miribel, his chief of ary, Minnie, twin children of Wm. A. and Amelia staff, who is suspented of complicity in the staff, who is suspected of complicity in the reactionary designs of Gen. Ducrot. The new Minister of War is Gen. Greslay, Liberal, and an orator of the Left Centre. He has formally approved Thither our warm affect. the pregramme of the Government, while affirming the necessity of changes in the magistracy.

London, Jan. 15.—A St. Petersburg despatch states that Shere Ali, before leaving Cabul, de clared his readiness to become a vassal of the Czar. A Tashkend, Turkestan, despatch of the 13th, after referring to the invitation of Gen. nffman to Shere Ali to come to Tashkend, says he Ameer is preceded by nine elephants and 2,000 horses, carrying his women, treasure and baggage. Shere Ali receives daily reports from his son and representatives on the throne, Yakoob Khan. On this young actiong potentate, if reports from credible sources speak truly, English gold is beginning to exercise great influence. It is probable that Yakook Khan will soon usurp

his father's throne. In a letter to the English generals, on quitting Cabul, the Ameer stated that he had only left in the keeping of Yakoob

Khan about \$9,000.

IMPORTANT TO FARMERS. When Brindle, or Bess, or Spot, shows the slightest signs of sickness, do you not take immediate measures to relieve her? So, too, when Billy and Kit, your favorite colts, betray symptoms of disease, you search the "Farrier" for the indicated malady and its remedy, or it may be you summon the nearest veterinary surgeon.
All very wise and prudent this! But is not that ailing son or daughter far dearer to you than all the horses and cattle in your stables? Yet for weeks, it may be months, or even a year, he or she has complained of a sense of languor, or drowsiness, and debility with occasional headache the sure forerunners of disease. Or it may be the face, once blooming with the hues that only health and the pure, invigorating country air can give, has become pallid, and the eyes unnaturally bright. You may have noticed the slight dry cough at early morning and night and have attributed it to a cold. Do not delay to secure the proper means of relief. A month's neglect may cost you a life-time of remorse. Read the People's Common Sense Medical Adviser (endorsed by the New York Tribune as a book for the people), in which you will find a complete description of diseases—their causes, symptoms, and proper domestic treatment. Sixth revised edition (nearly 1,000 pages), \$1.40. Address the author, R. V. Pierce, M. D., World's Dispensary and Invalids' Hotel, Buffalo, N. Y.

Fannie Davenport's Black Eye.—Last zummer
Fannie Davenport brought home from California,
among other trophies, a very handsome century
plant. This rare exotic she attended with all the lavish care she expends upon all her numer-our pets. One afternoon, just before preparing for the theatre, in the early part of the present season, she was watering her plant and examining its buds—for it had just begun to put forth its centennial blossoms—when by an accident, her right eye came in violent collision with it. The blow was sudden and sharp, and the luckless beauty had, within five minutes, to lament the possession of a bad black eye. Her fille de chambre happened to have applied once before, to a bruise on her arm, some of Giles' Liniment Iodide Ammonia, which is said to be a specific for all such unsightly contusions. The second applica-tion removed the swelling and discoloration in half an hour. Fannie Davenport is, therefore one of Dr. Giles' warmest admirers.
Sold by all druggists. Send for pamphlet.

120 West Broadway, N. Y. Trial size 25 cents.

DR. GILES.

DISEASE OF THE LIVER. The liver is much more frequently the seat of disease than is generally supposed. The functions it is designed to perform, and in the regular execution of which depends not only the general health of the body, but the powers of the stomach, bowels, brain, and the whole nervous system, shows its vast and vital importance to human health. When the liver is seriously diseased, it in fact not only deranges the vital functions of the body, but exercises a powerful influence over the mind and its operations, which cannot be the body, but exercises a powerful influence over the mind and its operations, which cannot be easily described. It has so close a connection with other diseases, and manifests itself by so great a variety of symptoms of a most doubtful character, that it misleads more Physicians, even of great eminence, than any other vital organ. The intimate connection which exists between the Liver and the Brain, and the great dominion we They have been REVISED FOR THIS WORK, and are persuaded it exercises over the passions of mankind, convinces us that many unfortunate beings have committed acts of deep and criminal atrocity, or become what is termed Hypochonatrocity, or become what is the hypochonatrocity is the hypochonatroci driacs from the simple fact of a diseased state of the Liver. We have long been convinced that more than one-half of the complaints which occur in this country, are to be considered as having their seat in a diseased state of the Liver. We will enumerate some of them: Indigestion, Stoppage of the Menses, Peranged State of the Bowels, Irritable and Vindictive Feelings and Passions from trifling and inadequate causes, of which we afterwards feel ashamed; last though not least, more than three-fourths of the discount. not least, more than three-fourths of the diseases enumerated under the head of Consumption, have their seat in a diseased Liver. This is truly a frightful catalogue. WILSON'S TONIC AND SARSAPARILLIAN ELIXIR as a remedy for

PRESCOTT, ONT., 24th of June, 1878.
MR. T. GRAHAM,—Dear Sir,—I have long

Bowditch's Flower seeds. desired to add my testimony to the many others you have regarding the efficacy of your Pain Eradicator, and have only been deterred from doing so long ere now by the difficulty of saying all that I have found it good for in the saying all t the compass of a letter. I have used it in every kind of pain from a mosquito bite to "\$10 " \$12.50 " "Seeds or Plants. severe inflammation, and have always found it to give immediate relief. On several octasions suffering from severe pain on the left casions suffering from severe pain on the left most comprehensive work issued. It contains casions suffering from severe pain on the left side, which is almost chronic, and when I otherwise would have had to go to bed and submit to medical treatment, an application of your valuable remedy has made me fit for work in an hour's time. I take pleasure in recommending it when I see any one suffering, and hope for the sake of humanity that its use may be universal. I shall only be too happy to know that you make use of this too happy to know that you make use of this

in any way you think best. I remain in gratitude yours THOS. A. ANDERSON. Editor and Publisher of the Prescott "Plain- GLOVES AND MITTS.
