It is agreeable to the most delicate stomach; which renders it a very reliable agent as a nutritive remedy in consumptive and scrofolous cases. Yours respectfully, Oct 12, 1879. Messrs. Scott & Bowne:-Gentlemen-With the last two months I have fairly tried Scott's

Emulsion of Cod Liver Oil with Hypophosphites, and I candidly declare that it is the finest preparation of the kind that has ever been brought to my notice; in affections of the lungs and other wasting diseases, we can consider it our most reliable agent, in a perfectly elegant and agreeable Very truly, J. SIMONAUD, M. D., New Orleans, La December 10th, 1878. MESSES. SCOTT of BOWNE:-Gentlemen -In September, 1877, my health began to fail and my physician pronounced it spinal trouble; under his care I got some relief from pain, but my general health did not improve, and early in the winter, I began to raise blood and rapidly grew worse. In May last I was taken with a violent bleeding which brought me to my bed and my life was des paired of for many weeks; violent symptoms appeared, night and morning coughs, night sweats, short breath, and a return of the spinal trouble. My physician stopped the bleeding and then ordered Cod Liver Oil and Lime; and I used various preparations, but they did me no good. I lost all hope of life, and was an object of pity to all my triends. Last September I purchased a bottle of your Emulsion and before it was all taken I was better. I then bought a dozen bottles and have taken all with the tollowing results: Cough subsiding, night sweats stopped, appetite returned. pains in spine disappeared, strength returning, and my weight increased from 118 to 140 pounds in sixteen weeks I have taken no other medicine since commencing with your Emulsion and shall continue its use until I am perfectly well. I frequently meet some friend on the street who asks.

This medicine can undoubtedly be used with what cured you, and I answer, Scott's Emulsion of Cod Liver Oil, &c. I have a friend who has greater success than any other remedy now known,

LYNN, Randolph Co., Ind., July 2nd. 1878. Messrs. Scott & Bowne: About the 25th of last April I got a bottle of your Emulsion, and at that time I was so prostrated that no one who saw me thought I could live but a few days at most. I could retain nothing on my stomach and was literally starving. I commenced the use of the Emulsion in small doses; it was the first thing that would stay on my stomach: I continued its use, gradually increasing the taken. To overcome this trouble we have added was the first thing that would stay on my stomach: I continued its use. gradually lake and a gain-dose; and from that hour I commenced mending, and now am able to ride and walk and am gain-ling flesh and strength rapidly.
