The experience of over twenty-five years in the two leading establishments of Boston, places me in a position to get up work as good as can be purchased in that city of marvels.

I commenced taking it soon after, but felt worse from its effects; still I persevered, and soon felt it was benefitting me in other respects. Yet I did not see the results I desired till I had taken it faithfully for a little more than a year, when the difficulty in the back was cured; and for nine months I have enjoyed the best of health. An Excellent Medicine SPRINGFIELD, O., Feb. 28. 1877.

1011 West Jefferson Street. Safe and Sure. MR. H. R. STEVENS, In 1872 your VEGETINE was recommended to

VEGETINE. The following letter from G. W. Mansfield. formerly pastor of the Methodist Episcopal church
Hyde Park, and at present settled in Lowell,
must convince every one who reads his letter of the wonderful curative qualities of VEGETINE as a

thorough clernser and parifier of the blood. HYDE ATK Feb. 15, 1876 Dear Sir,- About ten years ago my health failed through the depleting effects of dyspepsia; nearly a year later I was attacked by typhoid fever in its worst form. It settled in my back, and took the form of a large deep-scated abscess. Jan. which was fifteen months in gathering. I had two surgical operations by the best skill in the State, but received no permanent cure. I suffered great pain at times, and was constantly weakened by a profuse discharge. I also lost small pieces of bone at different times.

Matters ran on thus about seven years, till May, 1874, when a friend recommended me to go to your office, and talk with you of the virtue of Vegetine. I did so, and by your kindness passed through your manufactory, noting the ingredients, &c, by which your remedy is produced.

By what I saw and heard I gained some confidence in Vegetine. I commenced taking it soon after, but felt

I have in that time gained twenty-five pounds of flesh, being heavier than ever before in my life, and I was never more able to perform labor During the past few weeks I had scrofulous swelling as large as my fist gather on an other part of my body. I took VEGETINE faithfully, and it removed it level with the surface in a month. I think I should have been cured of my main trouble sooner if I had taken larger doses, after having become accustomed to its effects. Let your patrons troubled with scrofu'a or kidney disease understand that it takes time to cure chronic diseases; and, if they will patient-

ly take VEGETINE, it will, in my judgmedt cure With great obligations 1 am Pastor of the Methodist Episcopal Church.

SOAP AND DISEASES .- Dr. Richardson lectured recently in New York city on the germ theory of disease. He acknowledged his Nov 2 bligation to Tyndall for his microscopic investigation of air dust, spores, and other comforting and salutary topic. It is worth while me; and, yielding to the persuasions of a friend, for common people to learn that 50,000 typus germs will thrive in I consented to try it.
