DECEMBER, 1879. LONDON HOUSE.

"'Deed I," said the other, " but do you no think that afore Jonah could see a' yon things the minister telt us aboot, the whale must have had glass sides, just like a third- class carriage?" WE are pleased to learn that the Soap Fac- tory recently established by Messrs. Ganong Bros. & Pickard, at St. Stephen, is proving very successful. We have means of knowing that they turn out an excellent quality of soap, the capabilities of their factory being ten tons per week. Cleanliness is akin to God- liness, and the moral is self evident. THERE is strong talk of establishing a Su-	can be produced without much outlay of capital. The wood best adapted is, we be- lieve, white maple and poplar, and those woods, or the former, we think, abound on the Tobique river as well as in other sections of the St. John country. The example being set in Northumberland might be followed successfully in other parts of the Province. Hon. H. L. Lungevin was presented with an address and a portrait of himself, by his political friends, at Ottawa, last week. THE Sun estimates that between 7,000 and 8,000 sheep have been shipped for the States	THE December number of Landry's Musi- cal Journal is a good one, containing three pieces of fine music, and a good deal of read- ing matter interesting to either the amateur or professor of music. A MAN, his wife and little daughter, were burned to death in the Grand Opera House,	 Recent publications relating to Lord Brough- ham have afforded the material for an article on that famous lawyer and statesman. "India and our Colonial Empire" is a sum- mary of recent events in the British Colonies. Other articles are "Cavour and Lamarmora," "The Bohemians and Slovaks," and the custo- mary short account of the principal recent pub- lications under the head of "Contemporary Literature. <i>The London Quarterly Review</i> for October, from the press of the Leenard Scott Publishing Co, 41 Barclay Street, N. Y, is a very good number of that famous periodical. The first article, "Pascal and his Editors," sketches the story of the revived interest in that very remarkable man, and gives an account of his character writings and place in history 	 leyan Missionary Society reports 170,000 communicants. 6. Not less than 60,000 idolaters in Southern India cast away their idols and embraced Christianity in the year 1878. In accordance with an order from the Sec- retary of the Treasury, the importation of neat stock from Canada is strictly prohibit- ed. Collector Vandine also has orders to stop the grinding of Provincial grists by the millers of Aroostook.— <i>Pi neer</i>. "Never mind me, save my boy," was what old Samuel Mosely, a miner, yelled while buried under a mass of coal, with his son, at Wadesville shaft, near Pottsville, Penn., on Thursday. The boy was saved and the old 	r take of what was produced, instead of the present rural labour, too poor to consume, and the sprinkling of rich people, whose con- sumption is largely of luxuries." If you want a long, cold winter to pass away quick, give your note payable in the spring. If you want to be rich, fat, happy and good look- ing, buy your Grub, Oysters and Confectionery from Bob, every time. Cor. Main and Harvey e streets, Woodstock	The Rev. Mr. Lamson, of Burt's Corner, Oregon, thinks there are worse places than church for people to spend their evenings in. He says if any young people desire to attend his church for the purpose of "sparking" they are heartily welcome. He would rather a lover would court his daughter in church than in the parlor or opera house. He didn' want his people either to attend the theatre or to be deprived of legitimate amusements. He had therefore invited the village band to come in on Sunday evenings and play the hymns and such wordly music as would be heard in orderly homes and sacred concerts. There are 50,000 deaf mutes in the United	 "Phœnician" we have received:— Merinos, Winceys, Cloths, Prints, Coat Canvas, Millinery, Handkerchiefs, Dress Suspenders, Stationery, Reels, Small Wares, &c., \$c., \$c.,
