ATARR CONSTITUTIONAL CATARRH REMEDY CURES CATARRH.

Thousands Applaud its Wonderful CURES. Hear what a Reverend Gentleman

says of the Constitutional Remedy.

T. J. B. HARDING, Esq.,

BROCKVILLE, ONT.

DEAR SIR,—It is now two years since your "Constitutional Catarrh Remedy" was introduced to me. I have waited this long to see if the cure would remain permanent before doing this, my duty, to you, as at first the happy effects seemed to me to be "too good to be true."

I was afflicted in my head for years before I suspected it to be Catarrh. In reading in your Circular I saw my case described in many particulars. The inward "drop" from the head had become very disagreeable, and a choking sensation often preventing me from lying long, I would feel like smothering and be compelled to sit up in the bed. My health and spirits were seriously affected. When your Agent came to Walkertown in August, 1876, I secured three bottles. Before I had used a quarter of the contents of one bottle I found decided relief, and when I had used two bottles and a third, I quit taking it, feeling quite cured of that ailment, and have not used any since until of late I have taken some for a cold in my until of late I have taken some for a cold in my

A sense of duty to sufferers from that loathsome disease, Catarrh, prompts me to send you this Certificate, unsolicited, with leave to make what nse of it you may see proper.
Yours truly.

The Paris National publishes the details of a wonderful gastronomical feat performed the other day by two Hayti negroes. They bet \$200 that they would eat without stopping for six hours, and won easily, sitting down to table at noon and not rising before half past 6. In the long interval they succeeded in consuming eight soles au gratin, twelve lamb cutlets, a joint of roast veal weighing eight pounds, three kilogrammes of asparagus, and an omlet of twelve eggs, besides a Dutch cheese, twelve pounds of bread and fifteen bottles of wine. At the conclusion of the performance, the two negroes left the house with a very satisfied expression of countenance, dividing between them the fifty louis they had thus pleasurably earned.

of Potassium and Iron, and is the most efficacious medicine yet known for the diseases it is intended to cure.

Its ingredients are so skilfully combined, that the full alterative effect of each is assured, and while it is so mild as to be harmless even to children, it is still so effectual as to purge out from the system those impurities and corruptions which develop into loathsome disease. The reputation it enjoys is derived from its cures, and the confidence which prominent physicians all over the country repose in it, prove their experience of its usefulness.

Certificates attesting its virtues have accumulated, and are constantly being received, and as many of these cases are publicly known, they furnish convincing evidence of the superiority of this Sarsaparilla over every other alterative medicine. So generally is its superiority to any other medicine known. that we need do no more than to assure the public that the best qualities it has ever ossessed are strictly maintained.
