FOR THE CARLETON SENTINEL. MR. EDITOR,-In answer to a communication which appeared in the SENTINEL of the 14th Sept., signed Xera, intimating that the public as well as the writer would be pleased to hear from our representatives in reference to their appointments of persons to sell li- early Vermont; beans, bush. reply thereto, which must be accepted as C. H. Emery-Ram, shearling; socks, hand truth, until the contrary is proven. We do made; bush beans. not suppose that those who are placed in the position of a representative by the popular vote can for a moment entertain the idea that they are above the people, and as such are masters of the situation, in consequence of which they still maintain a masterly sil-

ence, when the fact still remains that some nel, white. twenty months hence the place now occupied | John Harper, jr.-Bull calf, under 1 year by those representatives must be vacated, or | Timothy seed; horse blankets. otherwise they must ask the electors, by their | Albert Simonson-Timothy seed; horse blankvotes, to ratify or disapprove the course pur- ets. sued by them, while acting in the capacity of public servants. The electors then having delegated the power to certain persons to act for them, have the right to demand through the press an explanation for any act done. especially when it concerns and is of vital interest to a large majority of the people of entered in the different classes. It is we be this County. As it may not be convenient, lieve certain that, while in point of character for want of time or opportunity, for our representative residing in Woodstock to give a detailed explanation in reference to the former one, as regards horses it was preemiselection, necessity, recommendations and ap- nently the best :pointments of persons to sell liquor under the Canada Temperance Act, it may save time and materially assist him by propounding a few questions; the answers to which may be the means of satisfying a large number of persons who were his supporters, and who have long been working for the suppression of the sale of liquor, and not a few who feel the withering effect caused by having rumshops recently established in this County. First-Was the distance so great between Richmond Corner and Lakeville that no facility could be found to get liquor from Woodstock when required for the purpose of the Canada Temperance Act? Second-Was you aware that liquor could

be sent from Woodstock to Hartland and Bath every day by rail? If so, where was the necessity of making appointments for these places? Third-If agents were required to sell li quor in the places named, why not appoint persons for that purpose in the remaining seven Parishes?

Fourth-Do you believe the people would suffer for the want of liquor if no appoint ments had been made-and if so, why should you give a preference to those who are in direct communication with Woodstock, while Fifth-In this County where total absti-

nence sentiment prevails, could you not select and appoint as agents all who were known total abstinence men? Fifth-Can you inform your constituents what benefits they will enjoy by those ap-pointments that they would not have with-

The Garleton Sentinel SATURDAY, OCTOBER 16, 1880.

SENTINEL Office, in Brick Building, directly opposite Post Office, up stairs.

WE published, without comment, a statement two or three weeks ago as to the intention of the Government touching the Bridge over and 2nd; Chas. L. Smith, 3rd. the River here. We have waited for further developments, which have not, however, been made. Now, looking at the matter simply Shaw, 2nd; Chas. L. Smith, 3rd, in the light of public expenditure, which of course would more or less directly benefit the people here, we should hail the erection of a new bridge with satisfaction. But we may not be influenced by selfish motives.

In the first place, however, we have not very strong faith in the prospects of getting a new bridge, and in the second the Provincial revenues should not be drawn upon to meet such an expenditure unless the public Harper, 2nd.

That a bridge is a necessity here to meet the general wants is self evident. But there is a bridge already in existence, and one too, that, as regards the superstructure, is, so far as we can learn, good and firm and, with the | boar under 1 year, B. N.
