HAY PRESSES! THE undersigned having greatly improved the Railroad and Lever Hay Press, is now prepared to receive orders, which will be filled promptly and the press built in a thorough manner. We warrant every press. Our largest size has a pressure of 90 tons, and can be worked by a small horse. The size of the box is 45 inches long, 21 inches wide, and the follower raises to within 21 inches of the cover, giving a bale averaging 300 lbs., in the smallest and most desirable shape for shipment. Our iron work is done by Messrs. Connell Brothers of this town, and is of the very best. Call and see one now ready E. M. BOYER. We, the undersigned, having purchased and used the above presses, can recommend them.
