IMPORTANT NOTICE.

Woodstock, March 9, 1876

The Singer Manufacturing Co. have established an Agency in Woodstock, where their world renowned Singer Sewing Machines, for for a time, for the purpose of curing old standing diseases. Howe'er afflicted call! Office in Mr. James McCann's Building, third door from the Record Office. Can be consulted on any day except Thursday. 1. It has taken the first prize over all other machines more than 200 times. 2. Companies have sprung up in nearly every part of the world, for making an "Imitation Singer Machine." Why are not similar companies formed for making imitations of other Sewing Machines? The public will draw its own inference. Gold is continually counterfeited;

Brass and Tin never.

3. After the Chicago fire, the Relief Committee undertook to furnish Sewing Machines to the needy women of that city. Applicants were permitted to choose from six different kinds of machines. 2944 applicants were furnished with machines. 2427 chose Singer Machines and 517 distributed their choice among the five other kinds of machines! These girls were to earn their living on these machines: Why did they choose Singers? Our experience was the same after the late great fire in the City of Saint John.

4. Over two millions of Singer Machines have been sold during the past nine years. Brass and Tin never. Gentlemen's Cambric Neck Ties-white and light

been sold during the past nine years.

5. The year 1878 was a year of unexampled depression in business, yet we sold more machines than in either of the 25 years we have been in 6. Three quarters of all the Sewing Maghines sold in 1878 throughout the world were Singers.

Remember these are not our claims, they are facts shewing what other people think of the For Durability and simplicity the Singer excels all other Machines.

Square, New York. presenting same as Genuine Singers, we hereby respectfully notify the public, that our Machines can be obtained only through our regularly appointed Agents coming from the above address. As a further preventive against such deception we would also beg to intimate that all our Machines have our trade mark on the arm and any 35 and 37 King street.
