era, an era that controlled the whole County THE recent activity displayed in bringing and proved how impotent are the attempt of man when he would impose upon the designs of the Almighty. Men grew suddenly rich and then as suddenly poor again ; the mania was infectious, and the deserted only partially worked farms marked its progress ; God had given to man here a magnificent country for farming, but the heritage was allowed to lie idle or fall into decay .--That era and the system of imprisonment for debt helped to depopulate the County and in last. The most important item of business a corresponding degree to populate Aroostook.

We can look back upon the times referred to and the mistake then made from amid the the clergymen and others present at the dilienjoyment of a better state of things. The gence shown by the Town Marshal in ferret people have become alive to the true character of the country and its resources. The lumbering is now mainly left to the lumbermen, while the farmer devotes his attention to the cultivation of the soil and to reaping its rich harvests. Under this new system Carleton County has for the past decade or or two been making rapid advance in all material progress. The old farms which had which he presides over his court, as well as become worn out through neglect; which of the provisions of the law. had themselves been starved, have been re. stored, and in whole sections of country now smile with ample crops under the influence
